Explanation of Responses:

- Fifty percent of such shares vest ratably at the beginning of each of the 12 calendar quarters ending March 31, 2017; dividends are paid currently. Fifty percent of such shares vest ratably over a three-year period based on achievement of certain performance measures, with a carry-back and carry forward provision through December 31, 2018; accrued dividends are paid only upon achievement of the performance measures.
- The total amount of securities beneficially owned following the reported transaction includes a decrease of 110,573 shares as a result of forfeitures related to previously disclosed share awards.
- Up to 50% of the shares may be earned based on the achievement of a three-year cumulative total shareholder return as compared to pre-established multi-level returns set by our compensation committee. The pre-established multi-level returns are set in 25% increments such that the higher the three-year cumulative total shareholder return is, the more shares are earned. If the cumulative shareholder return is less than or equal to 27.0% for the three-year period, no shares will be earned, whereas if a total shareholder return of 35.0% or greater is achieved for the same period, then 100% of these shares will be earned. At the end of the three-year performance period, any earned shares will be subject to an additional two years of ratable time-based vesting on an annual basis. Dividends are paid on these shares only upon achievement of the performance measures.
- The remaining 50% of the shares will be earned similar to that described above; however, the performance measure is against the MSCI US REIT Index (Index). If our total shareholder return over the three-year cumulative period is equal to or less than this Index, then no shares will be earned, whereas if our total shareholder return is equal to or greater than the Index plus 6% for the same period, then 100% of these shares will be earned. At the end of the three-year performance period, any earned shares will be subject to an additional two years of ratable time-based vesting on an annual basis. Dividends are paid on these shares only upon achievement of the performance measures.
