**MEDICAL PROPERTIES TRUST, INC. REPORTS THIRD QUARTER RESULTS**

*Per Share Net Income of \$0.37 and Normalized FFO of \$0.45 in Third Quarter*

*Year-to-Date Capital Recycling Transactions Generate Approximately \$1.8 Billion of Cash*

**Birmingham, AL – October 27, 2022** – Medical Properties Trust, Inc. (the “Company” or “MPT”) (NYSE: MPW) today announced financial and operating results for the third quarter ended September 30, 2022, as well as certain events occurring subsequent to quarter end.

- Net income of \$0.37 and Normalized Funds from Operations (“NFFO”) of \$0.45 for the 2022 third quarter on a per diluted share basis;

Previously announced activities:

- Declaration in August of a regular quarterly dividend of \$0.29 per share, representing a third quarter payout of adjusted funds from operations (“AFFO”) per share of roughly 81%;
- Sale of eleven facilities to Prime Healthcare (“Prime”) and the repayment to MPT of various loans combined to contribute to a significant reduction in short-term debt in the third quarter;
- Expected acquisition by a subsidiary of LifePoint Health, Inc. (“LifePoint”) of a majority interest in Springstone Health OpCo, LLC (“Springstone”) that would result in an approximate \$200 million loan repayment to MPT upon closing in the first half of 2023; and
- Agreement to sell three hospitals in Connecticut to Prospect Medical Holdings (“Prospect”) for an aggregate sale price of roughly \$457 million in 2023.

“Performance at our facilities generally improved during the second and third quarters, reflecting the resilience of well-underwritten, infrastructure-like hospitals,” said Edward K. Aldag, Jr., Chairman, President, and Chief Executive Officer. “Forecasted escalations in our CPI-linked leases point to overall cash rent growth in the four to five percent range for next year, a pace likely to match up well with anticipated hospital industry revenue trends.”

Included in the financial tables accompanying this press release is information about the Company’s assets and liabilities, net income, and reconciliations of net income to NFFO and AFFO, including per share amounts, all on a basis comparable to 2021 results, as well as reconciliations of total assets to total adjusted gross assets and total revenues to total adjusted revenues.

## PORTFOLIO UPDATE

Inclusive of total proceeds received from its first quarter real estate partnership transaction with Macquarie Asset Management, proceeds from third quarter asset sales and loan repayments and other transactions, MPT has sourced approximately \$1.8 billion in cash from capital recycling transactions year-to-date. In addition, as previously announced, the Company expects to receive more than \$650 million in proceeds in 2023 from other binding agreements. Forecasted proceeds from these transactions and any other potential dispositions, loan repayments and/or joint venture transactions are expected to fund debt reduction, potential stock repurchases and selective investments.

During the third quarter, Steward completed the accelerated repayment of amounts due related to approximately \$450 million in COVID-related advances and collected approximately \$70 million of past due reimbursements under the Texas Medicaid program. With these cash drains now in the past, positive revenue trends, significant declines in contract labor utilization and anticipated annual savings resulting from adjustments to Steward's cost structure are expected to result in positive and sustainable free cash flow.

The Company has total adjusted gross assets of approximately \$21.1 billion, including \$14.8 billion of general acute care hospitals, \$2.2 billion of behavioral health facilities, \$1.9 billion of inpatient rehabilitation facilities, \$0.3 billion of long-term acute care hospitals, and \$0.3 billion of freestanding emergency room and urgent care properties. MPT's portfolio, adjusted for the transactions described herein, includes approximately 435 properties and 44,000 licensed beds across the United States as well as in the United Kingdom, Switzerland, Germany, Australia, Spain, Finland, Colombia, Italy and Portugal. The properties are leased to or mortgaged by 54 hospital operating companies.

## OPERATING RESULTS AND OUTLOOK

Net income for the 2022 third quarter ended September 30, 2022 was \$222 million (\$0.37 per diluted share) compared to \$171 million (\$0.29 per diluted share) in the prior year period.

NFFO for the 2022 third quarter was \$272 million (\$0.45 per diluted share) compared to \$263 million (\$0.44 per diluted share) in the prior year period.

The Company is increasing its estimate of 2022 per share net income to \$1.99 to \$2.01, including year-to-date gains on sales of approximately \$537 million, and is also tightening its estimate of 2022 per share NFFO to \$1.80 to \$1.82 from a prior range of \$1.78 to \$1.82. MPT plans to provide initial estimates of 2023 per share net income and NFFO when it reports fourth quarter earnings.

These estimates do not include the effects, among others, of unexpected real estate operating costs, changes in accounting pronouncements, litigation costs, debt refinancing costs, acquisition costs, currency exchange rate movements, changes in income tax rates, interest rate hedging activities, write-offs of straight-line rent or other non-recurring or unplanned transactions. Moreover, these estimates do not provide for the impact on MPT or its tenants and borrowers from the global COVID-19 pandemic. These estimates may change if the Company acquires or sells assets in amounts that are different from estimates, market interest rates change, debt is refinanced or repurchased, new shares are issued or repurchased, additional debt is incurred, other operating expenses vary, income from equity investments vary from expectations, or existing leases or loans do not perform in accordance with their terms.

## CONFERENCE CALL AND WEBCAST

The Company has scheduled a conference call and webcast for Thursday, October 27, 2022 at 11:00 a.m. Eastern Time to present the Company's financial and operating results for the quarter ended September 30, 2022. ### **About Medical Properties Trust, Inc.**

Medical Properties Trust, Inc. is a self-advised real estate investment trust formed in 2003 to acquire and develop net-leased hospital facilities. From its inception in Birmingham, Alabama, the Company has grown to become one of the world's largest owners of hospital real estate with approximately 435 facilities and 44,000 licensed beds (on an adjusted basis) in ten countries and across four continents. MPT's financing model facilitates acquisitions and recapitalizations and allows operators of hospitals to unlock the value of their real estate assets to fund facility improvements, technology upgrades and other investments in operations. For more information, please visit the Company's website at [www.medicalproptiestrust.com](http://www.medicalproptiestrust.com).

*This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "would", "could", "expect", "intend", "plan", "estimate", "target", "anticipate", "believe", "objectives", "outlook", "guidance" or other similar words, and include statements regarding our strategies, objectives, future expansion and development activities, and expected financial performance. Forward-looking statements involve known and unknown risks and uncertainties that may cause our actual results or future events to differ materially from those expressed in or underlying such forward-looking statements, including, but not limited to: (i) the economic, political and social impact of, and uncertainty relating to, potential impact from health crises (like COVID-19); (ii) the ability of our tenants, operators and borrowers to satisfy their obligations under their respective contractual arrangements with us, especially as a result of the adverse economic impact of the COVID-19 pandemic, and government regulation of hospitals and healthcare providers in connection with same (as further detailed in our Current Report on Form 8-K filed with the SEC on April 8, 2020); (iii) our expectations regarding annual guidance for net income and NFFO per share; (iv) our success in implementing our business strategy and our ability to identify, underwrite, finance, consummate and integrate acquisitions and*

investments; (v) the nature and extent of our current and future competition; (vi) macroeconomic conditions, such as a disruption of or lack of access to the capital markets or movements in currency exchange rates; (vii) our ability to obtain debt financing on attractive terms or at all, which may adversely impact our ability to pursue acquisition and development opportunities and pay down, refinance, restructure or extend our indebtedness as it becomes due; (viii) increases in our borrowing costs as a result of changes in interest rates and other factors; (ix) international, national and local economic, real estate and other market conditions, which may negatively impact, among other things, the financial condition of our tenants, lenders and institutions that hold our cash balances, and may expose us to increased risks of default by these parties; (x) factors affecting the real estate industry generally or the healthcare real estate industry in particular; (xi) our ability to maintain our status as a REIT for federal and state income tax purposes; (xii) federal and state healthcare and other regulatory requirements, as well as those in the foreign jurisdictions where we own properties; (xiii) the value of our real estate assets, which may limit our ability to dispose of assets at attractive prices or obtain or maintain equity or debt financing secured by our properties or on an unsecured basis; (xiv) the ability of our tenants and operators to operate profitably and generate positive cash flow, comply with applicable laws, rules and regulations in the operation of the our properties, to deliver high-quality services, to attract and retain qualified personnel and to attract patients; (xv) potential environmental contingencies and other liabilities; (xvi) the risk that the expected acquisition of a majority interest in Springstone by LifePoint does not occur; (xvii) the risk that the expected sale of three Connecticut hospitals currently leased to Prospect does not occur; and (xviii) the risk that other property sales, loan repayments, and other capital recycling transactions do not occur.

*The risks described above are not exhaustive and additional factors could adversely affect our business and financial performance, including the risk factors discussed under the section captioned "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2021 and as updated in our quarterly reports on Form 10-Q. Forward-looking statements are inherently uncertain and actual performance or outcomes may vary materially from any forward-looking statements and the assumptions on which those statements are based. Readers are cautioned to not place undue reliance on forward-looking statements as predictions of future events. We disclaim any responsibility to update such forward-looking statements, which speak only as of the date on which they were made.*

Notes:

(A) Certain line items above (such as depreciation and amortization) include our share of such income/expense from unconsolidated joint ventures. These amounts are included with all activity of our equity interests in the "Earnings from equity interests" line on the consolidated statements of income. The write-off of straight-line rent in 2022 is predominantly related to sold properties.

(B) Investors and analysts following the real estate industry utilize funds from operations, or FFO, as a supplemental performance measure. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets, which assumes that the value of real estate diminishes predictably over time. We compute FFO in accordance with the definition provided by the National Association of Real Estate Investment Trusts, or Nareit, which represents net income (loss) (computed in accordance with GAAP), excluding gains (losses) on sales of real estate and impairment charges on real estate assets, plus real estate depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures.

In addition to presenting FFO in accordance with the Nareit definition, we disclose normalized FFO, which adjusts FFO for items that relate to unanticipated or non-core events or activities or accounting changes that, if not noted, would make comparison to prior period results and market expectations less meaningful to investors and analysts. We believe that the use of FFO, combined with the required GAAP presentations, improves the understanding of our operating results among investors and the use of normalized FFO makes comparisons of our operating results with prior periods and other companies more meaningful. While FFO and normalized FFO are relevant and widely used supplemental measures of operating and financial performance of REITs, they should not be viewed as a substitute measure of our operating performance since the measures do not reflect either depreciation and amortization costs or the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, which can be significant economic costs that could materially impact our results of operations. FFO and normalized FFO should not be considered an alternative to net income (loss) (computed in accordance with GAAP) as indicators of our results of operations or to cash flow from operating activities (computed in accordance with GAAP) as an indicator of our liquidity.

We calculate adjusted funds from operations, or AFFO, by subtracting from or adding to normalized FFO (i) straight-line rent, (ii) non-cash share-based compensation expense, and (iii) amortization of deferred financing costs. AFFO is an operating measurement that we use to analyze our results of operations based more on the receipt, rather than the accrual, of our rental revenue and on certain other adjustments. We believe that this is an important measurement because our infrastructure-type assets generally require longer term leases with annual contractual escalations of base rents, resulting in the recognition of a significant amount of rental income that is not billable/collected until future periods. Our calculation of AFFO may not be comparable to AFFO or similarly titled measures reported by other REITs. AFFO should not be considered as an alternative to net income (calculated pursuant to GAAP) as an indicator of our results of operations or to cash flow from operating activities (calculated pursuant to GAAP) as an indicator of our liquidity.

- (1) Reflects an addition to total assets to present our total share of each joint venture's gross assets. See below for details of the calculation. While we do not control any of our unconsolidated real estate joint venture arrangements and do not have direct legal claim to the underlying assets of the unconsolidated real estate joint ventures, we believe this adjustment allows investors to view certain concentration information on a basis comparable to the remainder of our real estate portfolio. This presentation is also consistent with how our management team reviews our portfolio.

- (2) Primarily represents the gross book value of assets to be sold/repaid in connection with the October 2022 commitment to sell three facilities leased to Prospect Medical Holdings, Inc. for approximately \$457 million and an August 2022 commitment for a subsidiary of LifePoint Health, Inc. ("LifePoint") to acquire the majority interest in Springstone Health Opco, LLC. ("Springstone").
- (3) Reclass of \$0.8 billion of gross assets between Springstone and LifePoint as part of the Transaction Commitment described in Note (2).
- (4) Represents cash expected from the proceeds generated by the Transaction Commitments described in Note (2), less paydown of the full revolver balance at September 30, 2022.
- (5) Total adjusted gross assets is total assets before accumulated depreciation/amortization (adjusted for our investments in unconsolidated real estate joint ventures), assumes material transaction commitments are completed, and assumes cash on hand at period-end and cash generated from or to be generated from transaction commitments or financing activities subsequent to period-end are either used in these transactions or used to reduce debt. We believe total adjusted gross assets is useful to investors as it provides a more current view of our portfolio and allows for a better understanding of our concentration levels as our commitments close.

- (1) Adjusted revenues are total revenues adjusted for our pro rata portion of similar revenues in our investments in unconsolidated real estate joint ventures. We believe adjusted revenues are useful to investors as it provides a more complete view of revenues across all of our investments and allows for better understanding of our revenue concentration.

#### FORWARD-LOOKING STATEMENTS

Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results of the Company or future events to differ materially from those expressed in or underlying such forward-looking statements, including without limitation: Normalized FFO per share; expected payout ratio; the amount of acquisitions of healthcare real estate, if any; Net Debt to EBITDAre; portfolio diversification; capital markets conditions; the repayment of debt arrangements; statements concerning the additional income to the Company as a result of ownership interests in certain hospital operations and the timing of such income; the payment of future dividends, if any; completion of additional debt arrangements and additional investments; national and international economic, business, regulatory, real estate and other market conditions; the competitive environment in which the Company operates; the execution of the Company's business plan; financing risks; the Company's ability to maintain its status as a REIT for federal income tax purposes; acquisition and development risks; potential environmental and other liabilities; potential impact from health crises (like COVID-19) and other events beyond the control of our tenants/borrowers and the related impact to us; and other factors affecting the real estate industry generally or healthcare real estate in particular. For further discussion of the factors that could affect outcomes, please refer to the "Risk Factors" section of the Company's Annual Report on Form 10-K for the year ended December 31, 2021, and as updated by the Company's subsequently filed Quarterly Reports on Form 10-Q and other SEC filings. Except as otherwise required by the federal securities laws, the Company undertakes no obligation to update the information in this report.

Certain information in the supplemental package may be shown adjusted for transactions completed subsequent to period end and the consummation of pending transactions, including the expected sale of three Connecticut hospitals currently leased to Prospect and the expected acquisition of a majority interest in Springstone by LifePoint. The adjustments are based upon available information and assumptions that we believe are reasonable. There is no assurance that any pending transactions will occur.

**Notes:**

(A) Certain line items above (such as depreciation and amortization) include our share of such income/expense from unconsolidated joint ventures. These amounts are included with all activity of our equity interests in the "Earnings from equity interests" line on the consolidated statements of income. The write-off of straight line rent in 2022 is predominantly related to sold properties.

(B) Investors and analysts following the real estate industry utilize funds from operations, or FFO, as a supplemental performance measure. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets, which assumes that the value of real estate diminishes predictably over time. We compute FFO in accordance with the definition provided by the National Association of Real Estate Investment Trusts, or Nareit, which represents net income (loss) (computed in accordance with GAAP), excluding gains (losses) on sales of real estate and impairment charges on real estate assets, plus real estate depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures.

In addition to presenting FFO in accordance with the Nareit definition, we disclose normalized FFO, which adjusts FFO for items that relate to unanticipated or non-core events or activities or accounting changes that, if not noted, would make comparison to prior period results and market expectations less meaningful to investors and analysts. We believe that the use of FFO, combined with the required GAAP presentations, improves the understanding of our operating results among investors and the use of normalized FFO makes comparisons of our operating results with prior periods and other companies more meaningful. While FFO and normalized FFO are relevant and widely used supplemental measures of operating and financial performance of REITs, they should not be viewed as a substitute measure of our operating performance since the measures do not reflect either depreciation and amortization costs or the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, which can be significant economic costs that could materially impact our results of operations. FFO and normalized FFO should not be considered an alternative to net income (loss) (computed in accordance with GAAP) as indicators of our results of operations or to cash flow from operating activities (computed in accordance with GAAP) as an indicator of our liquidity.

We calculate adjusted funds from operations, or AFFO, by subtracting from or adding to normalized FFO (i) straight-line rent, (ii) non-cash share-based compensation expense, and (iii) amortization of deferred financing costs. AFFO is an operating measurement that we use to analyze our results of operations based more on the receipt, rather than the accrual, of our rental revenue and on certain other adjustments. We believe that this is an important measurement because our infrastructure-type assets generally require longer term leases with annual contractual escalations of base rents, resulting in the recognition of a significant amount of rental income that is not billable/collected until future periods. Our calculation of AFFO may not be comparable to AFFO or similarly titled measures reported by other REITs. AFFO should not be considered as an alternative to net income (calculated pursuant to GAAP) as an indicator of our results of operations or to cash flow from operating activities (calculated pursuant to GAAP) as an indicator of our liquidity.

Investors and analysts following the real estate industry utilize net debt (debt less cash) to EBITDA as a measurement of leverage that shows how many years it would take for us to pay back our debt, assuming net debt and EBITDA are held constant. In our calculation, we start with EBITDA *re*, as defined by Nareit, which is net income before interest expense, income tax expense, depreciation and amortization, losses/gains on disposition of depreciated property, impairment losses, and adjustments to reflect our share of EBITDA from unconsolidated real estate joint ventures. We then adjust EBITDA *re* for non-cash share-based compensation, non-cash fair value adjustments and other items that would make comparison of our operating results with prior periods and other companies more meaningful, to derive Adjusted EBITDA *re*. We further adjust net debt and Adjusted EBITDA *re* for the effects from investments and capital transactions that were either completed during the period or disclosed as firm commitments, assuming such transactions were consummated/fully funded as of the beginning of the period to derive Adjusted Net Debt and Further Adjusted EBITDA *re*. Although non-GAAP measures, we believe Adjusted Net Debt and Adjusted EBITDA *re* are useful to investors and analysts as they allow for a more current view of our credit quality and allow for the comparison of our credit strength between periods and to other real estate companies without the effect of items that by their nature are not comparable from period to period.

(A) Includes only the unlevered portion of our share of EBITDA *re* from unconsolidated real estate joint ventures, as we have excluded any net debt from our unconsolidated real estate joint ventures in the Adjusted Net Debt line. We believe this adjustment is needed to appropriately reflect the relationship between EBITDA *re* and net debt.

(B) Adjustments to reflect the expected acquisition of a majority interest in Springstone by LifePoint, the expected sale of three Connecticut hospitals currently leased to Prospect, and a full quarter impact from our mid-quarter investments and property sales. Adjusted net debt/annualized EBITDA *re* would be 6.1x excluding the adjustments for the expected acquisition of a majority interest in Springstone by LifePoint and the expected sale of three Connecticut hospitals currently leased to Prospect.

Percentage of total base rent/interest

(A) Schedule includes leases and mortgage loans.

(B) Lease/Loan expiration is based on the fixed term of the lease/loan and does not factor in potential renewal options provided for in our agreements.

(C) Reflects all properties, including those that are part of joint ventures, except three Connecticut properties under previously disclosed commitment to be sold, vacant properties representing less than 0.3% of total adjusted gross assets, and six facilities that are under development. This schedule also reflects extended lease terms as part of LifePoint's expected acquisition of a majority interest in Springstone.

(D) Represents base rent/interest income on an annualized basis as of period end (including foreign currency exchange rates) but does not include tenant recoveries, additional rents and other lease-related adjustments to revenue (i.e., straight-line rents and deferred revenues).

**Largest Individual Facility Investment is Less Than 3% of MPT Investment Portfolio**

### COMPREHENSIVE PROPERTY-LEVEL UNDERWRITING FRAMEWORK

MPT invests in real estate, not the consolidated financial performance of its tenants. Each facility is underwritten for characteristics that make the infrastructure attractive to any experienced, competent operator - not just the current tenant. If we have underwritten these correctly, then coupled with our absolute net master lease structure, our real estate will be attractive to a replacement operator, in the rare event we must transition. Such underwriting characteristics include:

## TOTAL PORTFOLIO TTM EBITDARM AND EBITDAR <sup>(A)(B)</sup> RENT COVERAGE INCLUSIVE OF ALL CARES ACT GRANTS

### YOY AND SEQUENTIAL QUARTER COMPARISONS BY PROPERTY TYPE

Notes: All data presented is on a trailing twelve month basis. For properties acquired in the preceding twelve months, data is for the period between MPT acquisition and June 30, 2022.

(A) EBITDARM is facility-level earnings before interest, taxes, depreciation, amortization, rent and management fees. EBITDAR is EBITDARM less management fees (corporate overhead) as booked by the operator for most facilities; for facilities where management fees are not allocated to the facility or are more than 5% of net revenue, a normalized fee of 5% has been used. EBITDARM and EBITDAR include normal GAAP expensed maintenance and repair costs. EBITDARM and EBITDAR do not give effect for capitalized expenditures that extend the life or improve the facility and equipment in a way to drive more future revenues. The majority of these types of capital expenditures are financed and do not have an immediate cash impact. MPT's rent is not subordinate to capitalized expenses. In addition, EBITDARM and EBITDAR do not represent property net income or cash flows from operations and should not be considered an alternative to those indicators. EBITDARM and EBITDAR figures utilized in calculating coverages presented are based on financial information provided by MPT's tenants. MPT has not independently verified this information, but has no reason to believe this information is inaccurate in any material respect. TTM Coverages are calculated based on actual, unadjusted EBITDARM results as presented in tenant financial reporting and cash rent paid to MPT, except as noted below.

- Total CARES Act Grants received by tenants during the period between March 2020 and June 2022 have been spread evenly by quarter from Q2 2020 through Q2 2021. Any additional grants received after June 2021 are included in the quarter that they were recorded by the tenant.

- Steward Health Care EBITDARM has been adjusted for a one-time out-of-period legal settlement in July 2020.

- Prospect and Prime EBITDARM and EBITDAR for California facilities have been adjusted for amounts expected to be received under the Hospital Quality Assurance Fee ("HQAF") Program 7. Amounts included are derived from the current model from the California Hospital Association which was approved by CMS on September 30, 2022.

(B) General Acute Care coverages and Total Portfolio coverages include Prospect Medical Holdings's Connecticut facilities. Prospect Medical Holdings has entered into a binding letter of intent for its Connecticut operations.

## INVESTMENTS IN UNCONSOLIDATED OPERATING ENTITIES

(Amounts in thousands)

### OPERATING ENTITY INVESTMENT FRAMEWORK

MPT's hospital expertise and comprehensive underwriting process allows for opportunistic investments in hospital operations.

- Passive investments typically needed in order to acquire the larger real estate transactions.
- Cash payments go to previous owner and not to the tenant, with limited exceptions.
- Operators are vetted as part of our overall underwriting process.
- Potential for outsized returns and organic growth.
- Certain of these investments entitle us to customary minority rights and protections.
- No additional operating loss exposure beyond our investment.
- Proven track record of successful investments, including Ernest Health and Capella Healthcare.

| Operator                    | Investment as of September 30, 2022 | Ownership Interest | Structure  |
