MEDICAL PROPERTIES TRUST, INC. REPORTS THIRD QUARTER 2010 RESULTS

*New Investments of \$47.0 Million;
Sale and Redevelopment of River Oaks Facilities*

Birmingham, AL — November 4, 2010 — Medical Properties Trust, Inc. (NYSE: MPW) today announced financial and operating results for the quarter ended September 30, 2010.

THIRD QUARTER AND RECENT HIGHLIGHTS

- Reported third quarter Normalized Funds from Operations (“FFO”) and Adjusted FFO (“AFFO”) per diluted share of \$0.15 and \$0.15, respectively, in-line with guidance as adjusted for certain non-routine expenses;
- Entered into \$30 million agreement to develop Phoenix-area general acute care hospital;
- Commenced \$17 million redevelopment of the River Oaks hospital in Houston;
- Completed the sale of the Sharpstown facility for proceeds of \$3 million;
- Increased its revolving credit facility capacity by \$30 million, to \$330 million with the addition of a new lender, bringing total liquidity to approximately \$425 million for additional investment opportunities;
- Completed a property exchange with Community Health Systems, resulting in improved lease coverage and a gain of \$1.5 million in the quarter;
- Purchased \$12.5 million of its 6.125% Senior Notes, leaving only \$9.2 million of the 2006 Exchangeable Notes remaining to be paid by November 2011;
- Paid 2010 third quarter cash dividend of \$0.20 per share on October 14, 2010.

“Since our last quarterly report, we have continued to create exciting investment opportunities that demonstrate the strength of our near term pipeline,” said Edward K. Aldag, Jr., Chairman, President and CEO of Medical Properties Trust, Inc. “We completed an agreement to develop a new general acute care hospital in the Phoenix area with a successful operator that is new to MPT. We are already negotiating agreements with the same operator for a second, similar facility.”

The Company also completed the sale of the Sharpstown campus of the former Twelve Oaks Medical Center for \$3 million and commenced an approximately \$17 million redevelopment of the larger and better located River Oaks campus. MPT has reached non-binding agreements with several prospective tenants for River Oaks, including an LTACH operator, an ambulatory surgery center and a rehabilitation hospital.

“Including the \$74 million of acquisitions we announced in June, we have now committed more than \$120 million to new investments since we restarted our acquisition program during the second quarter of this year,” said Aldag. Our investment pipeline remains very attractive and we expect to exceed our 2010 investment target of \$150 million. Moreover, we continue to be bullish on our acquisition activity for 2011.”

OPERATING RESULTS

The Company reported third quarter 2010 Normalized FFO and AFFO of \$16.5 million and \$16.9 million, or \$0.15 and \$0.15 per diluted share, respectively. This amount includes the property related expenses associated with the non-operating facilities of \$0.6 million, or \$0.01 per share. Excluding these expenses, third quarter Normalized FFO and AFFO were \$0.16 per share. Normalized FFO and AFFO per diluted share for the third quarter of 2009 were \$16.5 million and \$16.1 million, or \$0.21 and \$0.20, respectively. All per share amounts were affected by an increase in the weighted average diluted common shares outstanding to 110.0 million for the three months ended September 30, 2010, from 78.7 million for the same period in 2009, primarily due to the common stock offering of 29.9 million shares completed in April of this year.

The Company recorded a \$1.5 million gain (\$0.01 per share) resulting from the exchange of properties with Community Health Systems. The Company exchanged the real estate of the Cleveland Regional Medical Center for the real estate of the Hillsboro Regional Hospital. Both facilities are located in Texas. As a result of the sale, the Company wrote off \$0.2 million of accrued straight-line rent. In addition, the accrued straight-line rent due from Monroe hospital was also written off in the quarter, resulting in a \$2.5 million non-cash charge.

The Company has purchased \$12.5 million of its 6.125% Senior Notes due November 2011. As a result, only \$9.2 million of the 2006 Exchangeable Notes remains outstanding. In relation to the repurchase, the Company recorded a debt extinguishment charge of \$0.3 million in the third quarter of 2010.

LIQUIDITY

As of November 3, 2010, the Company had approximately \$425 million in available liquidity, net of funding commitments, through its cash balances and credit facilities. As previously announced, the Company secured an additional \$30 million commitment of credit capacity under its Revolving Credit Facility to mature in 2013 from a financial institution that is a new lender to Medical Properties Trust, Inc., bringing the total facility capacity to \$330 million.

DIVIDEND

The Company's Board of Directors declared a quarterly dividend of \$0.20 per share of common stock, which was paid on October 14, 2010 to stockholders of record on September 14, 2010.

PORTFOLIO UPDATE

At September 30, 2010, the Company had total gross real estate assets of approximately \$1.2 billion comprised of 53 healthcare properties in 21 states leased to 15 hospital operating companies. Three of these investments are in the form of mortgage loans to two separate operating companies.

Subsequent to September 30, 2010, the following transactions were completed:

- Agreements to acquire, provide development funding and lease the \$30 million, 36-bed Florence Hospital at Anthem in the greater Phoenix area; the hospital is expected to begin treating patients early in 2012 and will commence lease payment to MPT at that time. The Florence hospital will be developed and operated by Visionary Health, LLC, the highly successful operator of the 4-year old Gilbert Hospital in the Phoenix area.
- Engaged contractors and commenced a \$17 million redevelopment of the River Oaks campus of the former Twelve Oaks Medical Center in Houston. The redevelopment is expected to bring the facility into compliance with requirements of the Texas Department of Health for multiple health care providers in a single facility. The Company is currently negotiating term sheets with several prospective tenants that would result in occupancy of six of the eight floors as of completion of redevelopment, which is expected at the end of the third quarter of 2011.
- Sale of the Sharpstown campus for \$3 million cash and a gain of approximately \$0.7 million. Sale of this campus will relieve MPT from approximately \$0.7 million in annual carrying costs.

FUTURE OPERATIONS OUTLOOK

Based solely on the September 30, 2010 portfolio, the Company estimates that annualized Normalized FFO per share would approximate \$0.60 to \$0.64. Once the Florence hospital is operational, the Company expects to record an additional \$0.03 per share of revenue per year. MPT further continues to estimate that its existing portfolio of assets plus approximately \$425 million of assets expected to be acquired with available liquidity will generate Normalized FFO of between \$0.94 and \$0.97 per share on an annualized basis once fully invested. This estimate assumes that average initial yields on new investments will range from 9.75% to 10.5%. Total

debt to total real estate asset value subsequent to acquisition of \$425 million of new properties is expected to be approximately 43%.

These estimates do not include the effects, if any, of real estate operating costs, litigation costs, interest rate hedging activities, write-offs of straight-line rent or other non-recurring or unplanned transactions. In addition, this estimate will change if \$425 million in new acquisitions are not completed or such investments' average initial yields are lower or higher than the range of 9.75% to 10.5%, market interest rates change, debt is refinanced, assets are sold, the River Oaks property is leased, other operating expenses vary or existing leases do not perform in accordance with their terms.

CONFERENCE CALL AND WEBCAST

The Company has scheduled a conference call and webcast on Thursday, November 4, 2010 at 11:00 a.m. Eastern Time to present the Company's financial and operating results for the quarter ended September 30, 2010. The dial-in telephone numbers for the conference call are 800-510-9661 (U.S.) and 617-614-3452 (International); using passcode 63427252. The conference call will also be available via webcast in the Investor Relations' section of the Company's website, www.medicalpropertytrust.com.

A telephone and webcast replay of the call will be available from shortly after the completion through November 18, 2010. Telephone numbers for the replay are 888-286-8010 and 617-801-6888 for U.S. and International callers, respectively. The replay passcode is 20768580.

About Medical Properties Trust, Inc.

Medical Properties Trust, Inc. is a Birmingham, Alabama based self-advised real estate investment trust formed to capitalize on the changing trends in healthcare delivery by acquiring and developing net-leased healthcare facilities. These facilities include inpatient rehabilitation hospitals, long-term acute care hospitals, regional acute care hospitals, ambulatory surgery centers and other single-discipline healthcare facilities, such as heart hospitals and orthopedic hospitals. For more information, please visit the Company's website at www.medicalpropertytrust.com.

The statements in this press release that are forward looking are based on current expectations and actual results or future events may differ materially. Words such as "expects," "believes," "anticipates," "intends," "will," "should" and variations of such words and similar expressions are intended to identify such forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results of the Company or future events to differ materially from those expressed in or underlying such forward-looking statements, including without limitation: the capacity of the Company's tenants to meet the terms of their agreements; annual Normalized FFO per share; the amount of acquisitions of healthcare real estate, if any; the repayment of debt arrangements; statements concerning the additional income to the Company as a result of ownership interests in certain hospital operations and the timing of such income; the restructuring of the Company's

investments in non-revenue producing properties; the payment of future dividends, if any; completion of additional debt arrangements; and additional investments; national and economic, business, real estate and other market conditions; the competitive environment in which the Company operates; the execution of the Company's business plan; financing risks; the Company's ability to maintain its status as a REIT for federal income tax purposes; acquisition and development risks; potential environmental and other liabilities; and other factors affecting the real estate industry generally or healthcare real estate in particular. For further discussion of the factors that could affect outcomes, please refer to the "Risk factors" section of the Company's Form 10-K for the year ended December 31, 2009, as amended, and as updated by our subsequently filed Quarterly Reports on Form 10-Q and our other SEC filings. Except as otherwise required by the federal securities laws, the Company undertakes no obligation to update the information in this press release.

(A) Represents additional rent from one tenant in advance of when we can recognize as revenue for accounting purposes.

This additional rent is being recorded to revenue on a straight-line basis over the lease life.

Funds from operations, or FFO, represents net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property, plus real estate related depreciation and amortization (excluding amortization of loan origination costs) and after adjustments for unconsolidated partnerships and joint ventures. Management considers funds from operations a useful additional measure of performance for an equity REIT because it facilitates an understanding of the operating performance of our properties without giving effect to real estate depreciation and amortization, which assumes that the value of real estate assets diminishes predictably over time. Since real estate values have historically risen or fallen with market conditions, we believe that funds from operations provides a meaningful supplemental indication of our performance. We compute funds from operations in accordance with standards established by the Board of Governors of the National Association of Real Estate Investment Trusts, or NAREIT, in its March 1995 White Paper (as amended in November 1999 and April 2002), which may differ from the methodology for calculating funds from operations utilized by other equity REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent amounts available for management's discretionary use because of needed capital replacement or expansion, debt service obligations, or other commitments and uncertainties, nor is it indicative of funds available to fund our cash needs, including our ability to make distributions. Funds from operations should not be considered as an alternative to net income (loss) (computed in accordance with GAAP) as indicators of our financial performance or to cash flow from operating activities (computed in accordance with GAAP) as an indicator of our liquidity.

We calculate adjusted funds from operations, or AFFO, by subtracting from or adding to normalized FFO (i) straight-line rent revenue, (ii) non-cash share-based compensation expense, and (iii) amortization of deferred financing costs. AFFO is an operating measurement that we use to analyze our results of operations based on the receipt, rather than the accrual, of our rental revenue and on certain other adjustments. We believe that this is an important measurement because our leases generally have significant contractual escalations of base rents and therefore result in recognition of rental income that is not collected until future periods, and costs that are deferred or are non-cash charges. Our calculation of AFFO may not be comparable to AFFO or similarly

titled measures reported by other REITs. AFFO should not be considered as an alternative to net income (calculated pursuant to GAAP) as an indicator of our results of operations or to cash flow from operating activities (calculated pursuant to GAAP) as an indicator of our liquidity.
