MEDICAL PROPERTIES TRUST, INC. REPORTS THIRD QUARTER RESULTS

Operations of 17 Former Steward Hospitals Transitioned to Five New Operators

Approximately \$2.9 Billion of Year-to-Date Liquidity Transactions Completed

Birmingham, AL – November 7, 2024 – Medical Properties Trust, Inc. (the “Company” or “MPT”) (NYSE: MPW) today announced financial and operating results for the third quarter ended September 30, 2024, as well as certain events occurring subsequent to quarter end.

Third Quarter Financial Highlights

- Net loss of (\$1.34) and Normalized Funds from Operations (“NFFO”) of \$0.16 for the 2024 third quarter on a per share basis; and
- Third quarter net loss included approximately \$130 million in real estate gains, offset by approximately \$608 million of impairment charges, approximately \$131 million of net negative fair value adjustments and \$137 million accelerated non-cash amortization of in-place lease intangibles primarily related to Steward real estate. Amounts representing the majority of these totals were previously described in MPT’s September 8-K filing related to the Steward global settlement.

Corporate Updates During and Subsequent to the Third Quarter

- Leased in November two additional former Steward facilities in Arizona with a combined lease base of approximately \$140 million to College Health;
- Sold 18 freestanding emergency department (“FSED”) facilities as well as one general acute hospital in Arizona and Colorado for approximately \$246 million;
- Received a \$100 million mortgage repayment related to the April sale of five hospitals to Prime Healthcare;
- Settled a property damage insurance claim related to a 2020 storm loss at Norwood Hospital, the expected proceeds of which will offset previously recorded receivables in their entirety;
- Completed the sales of Watsonville Community Hospital in Watsonville, California for approximately \$40 million and two FSED properties in Texas for approximately \$5 million;
- Reduced balances of the revolving credit facility and GBP term loan due in 2025 by approximately \$300 million and £72 million, respectively;
- Paid a regular quarterly dividend of \$0.08 per share in October.

Edward K. Aldag, Jr., Chairman, President and Chief Executive Officer, said, “Across our highly diversified, global portfolio, we are excited by the positive trends we continue to see in utilization, acuity mix, and reimbursements. Further, as a result of our recent global settlement and our team’s tireless efforts, we successfully re-tenanted 17 Steward hospitals across five states to ensure continuity of patient care and recover our annual cash flows associated with these properties. With Steward’s removal from our portfolio, we look forward to demonstrating the strength and resilience of our diversified portfolio of hospital real estate and the importance of our business model to an industry in desperate need for more capital solutions.”

Included in the financial tables accompanying this press release is information about the Company’s assets and liabilities, operating results, and reconciliations of net (loss) income to NFFO, including per share amounts, all on a basis comparable to 2023 results.

PORTFOLIO UPDATE

Medical Properties Trust has total assets of approximately \$15.2 billion, including \$9.4 billion of general acute facilities, \$2.5 billion of behavioral health facilities and \$1.7 billion of post-acute facilities. As of September 30, 2024, MPT’s portfolio included 402 properties and approximately 40,000 licensed beds leased to or mortgaged by 55 hospital operating companies across the United States as well as in the United Kingdom, Switzerland, Germany, Spain, Finland, Colombia, Italy and Portugal.

MPT’s European general acute portfolio continues to benefit from the expanding role of private hospitals in addressing rapidly growing care needs, particularly in the U.K. with a strong year-over-year increase in surgical volumes, occupancy rates, and reimbursement rates. Swiss Medical Network (“SMN”) reported organic growth as well as meaningful benefit from ongoing cost optimization efforts. In September, SMN opened its Genolier Innovation Hub which is expected to serve as a venue for leading industry minds to collaborate to facilitate continuous improvement of healthcare for patients and future generations. Behavioral and post-acute operations have remained consistent, with MEDIAN reporting strong performance across all key revenue metrics and Priory recording increases in revenue due to improved reimbursement and acuity mix.

In the Company’s U.S. portfolio, general acute revenue trends continue to benefit from increasing admissions, surgeries, and higher reimbursement rates. Further, coverages in MPT’s behavioral portfolio continue to improve due to steadily rising volumes, reduced utilization of contract labor and the ramp-up of expanded facilities. MPT’s portfolio of general acute hospitals operated by Lifepoint Health continues to demonstrate accelerating profitability as the operator’s self-funded expansion of Conemaugh Memorial Medical Center in Johnstown, Pennsylvania has driven significantly higher volumes while labor costs have continued to moderate. Overall performance of the post-acute segment, which combines inpatient rehabilitation (“IRF”) and long-term acute care (“LTACH”) facilities, remained stable.

During the third quarter of 2024, Prospect did not pay cash rent related to the six California properties it leases from MPT. Prospect’s California properties continue to report improving facility level EBITDARM coverage trends. However, Prospect’s operating losses in multiple east coast markets that it is attempting to exit – including Pennsylvania and Rhode Island (a state where MPT does not have any real estate investments) – have adversely impacted overall liquidity. Prospect expects to receive \$100 million of quality assurance fund (“QAF”) payments in the first quarter of 2025.

STEWARD UPDATE

MPT received approximately \$10 million in consolidated cash rent from Steward in the third quarter prior to finalization of its global settlement agreement with Steward and its creditors in September. This global settlement restored MPT's control over its real estate, severed its relationship with Steward, and facilitated the re-tenanting of 17 properties previously leased to Steward.

MPT reached definitive agreements with Healthcare Systems of America, HonorHealth, Quorum Health, Insight Health and most recently College Health to lease and operate these 17 facilities. The five new tenants are in-place and executing on their transition strategies. Since the global settlement, the Company has provided approximately \$90 million in overall working capital loans to these operators and is receiving cash interest payments. The short-term loans will provide liquidity until their facility-level receivables are sufficient to raise asset-backed loans. This represents a modest increase versus the \$80 million previously disclosed due to larger than expected legal and professional fees as well as other costs related to the hospital operations transition process. MPT expects to begin to receive partial cash rental payments from the re-tenanted portfolio in the first quarter of 2025.

In October, MPT received approximately \$45 million in cash related to Steward's sale of three former MPT hospitals on Florida's "Space Coast" to Orlando Health for total consideration of approximately \$440 million. As previously disclosed, Steward retained approximately \$395 million of proceeds from the sale as part of the global settlement agreement. In turn, Steward and its creditors relinquished all rights to any further allocation of value from transactions related to any other hospital remaining in the portfolio and the parties agreed to mutually dismiss claims against each other and exchange broad general releases.

OPERATING RESULTS

Net loss for the third quarter ended September 30, 2024 was (\$801 million), or (\$1.34) per share, compared to net income of \$117 million, or \$0.19 per share, in the year earlier period. Net loss for the quarter ended September 30, 2024 included approximately \$130 million in real estate gains resulting from asset sale transactions, approximately \$608 million of impairment charges, \$131 million of net negative fair value adjustments and \$137 million accelerated non-cash amortization of in-place lease intangibles (included in real estate depreciation and amortization). These primarily consisted of:

- \$425 million impairment of Steward working capital loans;
- \$183 million of impairments, including \$180 million of value in three "Space Coast" facilities transferred to Steward pursuant to the global settlement and certain excess properties, with remaining charges for property taxes and other obligations (net of recovery);
- \$115 million accelerated non-cash amortization of lease intangibles related to the termination of the former Steward master lease; and
- \$134 million reduction in the fair value of MPT's investment in PHP Holdings based on current market conditions.

NFFO for the third quarter ended September 30, 2024 was \$94 million, or \$0.16 per share, compared to \$226 million, or \$0.38 per share in the year earlier period.

CONFERENCE CALL AND WEBCAST

About Medical Properties Trust, Inc.

Medical Properties Trust, Inc. is a self-advised real estate investment trust formed in 2003 to acquire and develop net-leased hospital facilities. From its inception in Birmingham, Alabama, the Company has grown to become one of the world's largest owners of hospital real estate with 402 facilities and approximately 40,000 licensed beds in nine countries and across three continents as of September 30, 2024. MPT's financing model facilitates acquisitions and recapitalizations and allows operators of hospitals to unlock the value of their real estate assets to fund facility improvements, technology upgrades and other investments in operations. For more information, please visit the Company's website at www.medicalpropertiestrust.com.

Forward-Looking Statements

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "would", "could", "expect", "intend", "plan", "estimate", "target", "anticipate", "believe", "objectives", "outlook", "guidance" or other similar words, and include statements regarding our strategies, objectives, asset sales and other liquidity transactions (including the use of proceeds thereof), expected re-tenanting of vacant facilities and any related regulatory approvals, and expected outcomes from Steward's Chapter 11 restructuring process, including the terms of the agreement described in this press release. Forward-looking statements involve known and unknown risks and uncertainties that may cause our actual results or future events to differ materially from those expressed in or underlying such forward-looking statements, including, but not limited to: (i) the risk that the outcome and terms of the bankruptcy restructuring of Steward will not be consistent with those anticipated by the Company; (ii) the risk that the Company is unable to successfully re-tenant the Steward portfolio hospitals, on the terms described herein or at all; (iii) the risk that previously announced or contemplated property sales, loan repayments, and other capital recycling transactions do not occur as anticipated or at all; (iv) the risk that MPT is not able to attain its leverage, liquidity and cost of capital objectives within a reasonable time period or at all; (v) MPT's ability to obtain debt financing on attractive terms or at all, as a result of changes in interest rates and other factors, which may adversely impact its ability to pay down, refinance, restructure or extend its indebtedness as it becomes due, or pursue acquisition and development opportunities; (vi) the ability of our tenants, operators and borrowers to satisfy their obligations under their respective contractual arrangements with us; (vii) the ability of our tenants and operators to

operate profitably and generate positive cash flow, remain solvent, comply with applicable laws, rules and regulations in the operation of our properties, to deliver high-quality services, to attract and retain qualified personnel and to attract patients; (viii) the risk that we are unable to monetize our investments in certain tenants at full value within a reasonable time period or at all, (ix) our success in implementing our business strategy and our ability to identify, underwrite, finance, consummate and integrate acquisitions and investments; and (x) the risks and uncertainties of litigation or other regulatory proceedings.

The risks described above are not exhaustive and additional factors could adversely affect our business and financial performance, including the risk factors discussed under the section captioned “Risk Factors” in our most recent Annual Report on Form 10-K and our Form 10-Q, and as may be updated in our other filings with the SEC. Forward-looking statements are inherently uncertain and actual performance or outcomes may vary materially from any forward-looking statements and the assumptions on which those statements are based. Readers are cautioned to not place undue reliance on forward-looking statements as predictions of future events. We disclaim any responsibility to update such forward-looking statements, which speak only as of the date on which they were made.

Notes:

Investors and analysts following the real estate industry utilize funds from operations ("FFO") as a supplemental performance measure. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets, which assumes that the value of real estate diminishes predictably over time. We compute FFO in accordance with the definition provided by the National Association of Real Estate Investment Trusts, or Nareit, which represents net income (loss) (computed in accordance with GAAP), excluding gains (losses) on sales of real estate and impairment charges on real estate assets, plus real estate depreciation and amortization, including amortization related to in-place lease intangibles, and after adjustments for unconsolidated partnerships and joint ventures.

In addition to presenting FFO in accordance with the Nareit definition, we disclose normalized FFO, which adjusts FFO for items that relate to unanticipated or non-core events or activities or accounting changes that, if not noted, would make comparison to prior period results and market expectations less meaningful to investors and analysts. We believe that the use of FFO, combined with the required GAAP presentations, improves the understanding of our operating results among investors and the use of normalized FFO makes comparisons of our operating results with prior periods and other companies more meaningful. While FFO and normalized FFO are relevant and widely used supplemental measures of operating and financial performance of REITs, they should not be viewed as a substitute measure of our operating performance since the measures do not reflect either depreciation and amortization costs or the level of capital expenditures and leasing costs (if any not paid by our tenants) to maintain the operating

performance of our properties, which can be significant economic costs that could materially impact our results of operations. FFO and normalized FFO should not be considered an alternative to net income (loss) (computed in accordance with GAAP) as indicators of our results of operations or to cash flow from operating activities (computed in accordance with GAAP) as an indicator of our liquidity.

Certain line items above (such as depreciation and amortization) include our share of such income/expense from unconsolidated joint ventures. These amounts are included with all activity of our equity interests in the "Earnings (loss) from equity interests" line on the consolidated statements of income.

(A) Includes revenue accrued during the period but not received in cash, such as deferred rent, payment-in-kind ("PIK") interest or other accruals.

(B) Includes cash received to satisfy previously accrued non-cash revenue, such as the cash receipt of previously deferred rent or PIK interest.

FORWARD-LOOKING STATEMENTS

This press release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements can generally be identified by the use of forward-looking words such as "may", "will", "would", "could", "expect", "intend", "plan", "estimate", "target", "anticipate", "believe", "objectives", "outlook", "guidance" or other similar words, and include statements regarding our strategies, objectives, asset sales and other liquidity transactions (including the use of proceeds thereof), expected re-tenanting of vacant facilities and any related regulatory approvals, and expected outcomes from Steward's Chapter 11 restructuring process, including the terms of the agreement described in this press release. Forward-looking statements involve known and unknown risks and uncertainties that may cause our actual results or future events to differ materially from those expressed in or underlying such forward-looking statements, including, but not limited to: (i) the risk that the outcome and terms of the bankruptcy restructuring of Steward will not be consistent with those anticipated by the Company; (ii) the risk that the Company is unable to successfully re-tenant the Steward portfolio hospitals, on the terms described herein or at all; (iii) the risk that previously announced or contemplated property sales, loan repayments, and other capital recycling transactions do not occur as anticipated or at all; (iv) the risk that MPT is not able to attain its leverage, liquidity and cost of capital objectives within a reasonable time period or at all; (v) MPT's ability to obtain debt financing on attractive terms or at all, as a result of changes in interest rates and other factors, which may adversely impact its ability to pay down, refinance, restructure or extend its indebtedness as it becomes due, or pursue acquisition and development opportunities; (vi) the ability of our tenants, operators and borrowers to satisfy their obligations under their respective contractual arrangements with us; (vii) the ability of our tenants and operators to operate profitably and generate positive cash flow, remain solvent, comply with applicable laws, rules and regulations in the operation of our properties, to deliver high-quality services, to attract and retain qualified personnel and to attract patients; (viii) the risk that we are unable to monetize our investments in certain tenants at full value within a reasonable time period or at all, (ix) our success in implementing our business strategy and our ability to identify, underwrite, finance, consummate and integrate acquisitions and investments; and (x) the risks and uncertainties of litigation or other regulatory proceedings.

The risks described above are not exhaustive and additional factors could adversely affect our business and financial performance, including the risk factors discussed under the section captioned "Risk Factors" in our most recent Annual Report on Form 10-K and our Form 10-Q, and as may be updated in our other filings with the SEC. Forward-looking statements are inherently uncertain and actual performance or outcomes may vary materially from any forward-looking statements and the assumptions on which those statements are based. Readers are cautioned to not place undue reliance on forward-looking statements as predictions of future events. We disclaim any responsibility to update such forward-looking statements, which speak only as of the date on which they were made.

COMPREHENSIVE PROPERTY-LEVEL UNDERWRITING FRAMEWORK

MPT invests in real estate, not the consolidated financial performance of its tenants. Each facility is underwritten for characteristics that make the infrastructure attractive to any experienced, competent operator - not just the current tenant. If we have underwritten these correctly, then coupled with our absolute net master lease structure, our real estate will be attractive to a replacement operator, should we find it necessary to transition. Such underwriting characteristics include:

PORTFOLIO INFORMATION

TOTAL PORTFOLIO TTM EBITDARM^{(A)(B)} RENT COVERAGE

YoY and SEQUENTIAL QUARTER COMPARISONS BY PROPERTY TYPE

Notes: All data presented is on a trailing twelve month ("TTM") basis. For properties acquired in the preceding twelve months, data is for the period between MPT acquisition and June 30, 2024.

(A) EBITDARM is facility-level earnings before interest, taxes, depreciation, amortization, rent and management fees. EBITDARM includes normal GAAP expensed maintenance and repair costs. EBITDARM does not give effect for capitalized expenditures that extend the life or improve the facility and equipment to increase revenues at the facility. The majority of these types of capital expenditures are financed and do not have an immediate cash impact. MPT's rent has priority and is not subordinate to capitalized expenses. In addition, EBITDARM does not represent property net income or cash flows from operations and should not be considered an alternative to those indicators. EBITDARM figures utilized in calculating coverages presented are based on financial information provided by MPT's tenants. MPT has not independently verified this information, but has no reason to believe this information is inaccurate in any material respect. TTM Coverages are calculated based on actual, unadjusted EBITDARM results as presented in tenant financial reporting and cash rent paid to MPT, except as noted below.

- All CARES Act Grants received by tenants have been removed from the tenant's reported financial results in the above time periods.

- EBITDARM figures for California hospitals include amounts expected to be received under the Hospital Quality Assurance Fee ("HQAF") Program 8. The HQAF amounts are based on the current payment model from the California Hospital Association which was approved by CMS on December 19, 2023.

(B) General Acute Care coverages and Total Portfolio coverages do not include Prospect Medical Holdings Connecticut facilities due to pending sale, \$150M mortgage investment in Prospect Medical Holdings Pennsylvania facilities, and former Steward Health Care facilities due to re-tenancing.

(C) Post Acute Care Facilities property type includes both Inpatient Rehabilitation Hospitals and Long Term Acute Care Hospitals.

(D) Reflects percentage of total assets on September 30, 2024 balance sheet.

(B) MPT managed joint venture of 71-owned German facilities that are fully leased.

(C) Represents ownership in Infracore, which owns and leases 17 Switzerland facilities. We also have two Infracore facilities currently under development.

(D) On April 12, 2024, we closed a joint venture on five properties in Utah operated by CommonSpirit for which we hold a 25% interest accounted for under the equity method. We are recording our share of income on a quarterly lag basis. The joint venture elected to apply specialized accounting and reporting for investment companies under Topic 946, which measures the underlying investments of fair value. For this quarter, our share of the joint venture's favorable fair value adjustment was \$13.5 million, primarily related to the underlying real estate.

(E) Represents ownership in eight Italian facilities that are fully leased.

(F) Represents ownership in two Spanish facilities that are fully leased.

(G) Excludes amortization of equity investment costs.

OPERATING ENTITY INVESTMENT FRAMEWORK

MPT's hospital expertise and comprehensive underwriting process allows for opportunistic investments in hospital operations.

- Passive investments typically needed in order to acquire the larger real estate transactions.
- Cash payments go to previous owner and not to the tenant, with limited exceptions.
- Operators are vetted as part of our overall underwriting process.
- Potential for outsized returns and organic growth.
- Certain of these investments entitle us to customary minority rights and protections.
- No additional operating loss exposure beyond our investment.
- Proven track record of successful investments, including Ernest Health, Capella Healthcare and Springstone.

Operator	Investment as of September 30, 2024	Ownership Interest	Structure
PHP Holdings	\$ 201,526	49.0%	Includes a 49% equity ownership interest in, along with a loan convertible into PHP Holdings, the managed care business of Prospect. Both instruments are accounted for under the fair value option method.
Swiss Medical Network	185,185	8.9%	Includes our passive equity ownership interest, along with a CHF 37 million loan as part of a syndicated loan facility.
Aevis	63,758	4.6%	Includes our passive equity ownership interest in Aevis, a public healthcare investment company. Our original investment of CHF 47 million is marked-to-market quarterly.
Priory Group	41,670	9.2%	In order to close the 2021 acquisition of 35 facilities, we made a passive equity investment and a loan to Priory (a subsidiary of MEDIAN) proceeds of which were paid to the former owner. The loan was sold in the first quarter of 2024.
Aspris	15,958	9.2%	Includes our passive equity ownership interest in Aspris, a spin-off of Priory's education and children's services line of business.
Caremax	130	9.9%	Includes our passive equity ownership interest in Caremax, a public care delivery system. Our original investment is marked-to-market quarterly.
International Joint Venture	- ^(A)	49.0%	Includes our 49% equity ownership interest and a loan made for the purpose of investing in select international hospital operations. The loan carries a 7.5% interest rate and is secured by the remaining equity of the international joint venture and guaranteed by the other equity owner.

Adjusted Net Debt	\$	8,453,402

Investors and analysts following the real estate industry utilize net debt (debt less cash) to EBITDA_{re} as a measurement of leverage that shows how many years it would take for us to pay back our debt, assuming net debt and EBITDA_{re} are held constant. In our calculation, we start with EBITDA_{re}, as defined by Nareit, which is net income before interest expense, income tax expense, depreciation and amortization, losses/gains on disposition of depreciated property, impairment losses, and adjustments to reflect our share of EBITDA_{re} from unconsolidated real estate joint ventures. We then adjust EBITDA_{re} for non-cash share-based compensation, non-cash fair value adjustments and other items that would make comparison of our operating results with prior periods and other companies more meaningful, to derive Adjusted EBITDA_{re}. We adjust net debt for cash funded for building improvements in progress and construction in progress for which we are not yet receiving rent to derive Adjusted Net Debt. We adjust Adjusted EBITDA_{re} for the effects from investments and capital transactions that were completed during the period, assuming such transactions were consummated/fully funded as of the beginning of the period to derive Transaction Adjusted EBITDA_{re}. Although non-GAAP measures, we believe Adjusted Net Debt, Adjusted EBITDA_{re}, and Transaction Adjusted EBITDA_{re} are useful to investors and analysts as they allow for a more current view of our credit quality and allow for the comparison of our credit strength between periods and to other real estate companies without the effect of items that by their nature are not comparable from period to period.

(A) Includes only the unlevered portion of our share of EBITDA_{re} from unconsolidated real estate joint ventures, as we have excluded any net debt from our unconsolidated real estate joint ventures in the Adjusted Net Debt line. We believe this adjustment is needed to appropriately reflect the relationship between EBITDA_{re} and net debt.

(B) Reflects a full quarter impact from our mid-quarter investments, disposals, and loan payoffs.

(C) Excluded development and capital improvement projects that are in process and not yet generating a cash return.
