

## 2023 PROXY STATEMENT

Medical Properties Trust

AT THE VERY HEART OF HEALTHCARE.®

# Letter from Our Chairman

April 27, 2023

## Dear Fellow Stockholder:

While 2022 was in some ways a challenging year, MPT's fundamentals remained strong as the Company continued to execute its business plan to grow earnings and reallocate capital. We closed over \$1 billion in new investments in 2022 and grew net income and Normalized Funds from Operations ("Normalized FFO") by an average of 34% and 25%, respectively, since the beginning of 2020. Our 2022 Return on Equity ("ROE") based on net income was 10.59%, and our ROE based on Normalized FFO was 11.25%.

Our commitment to strong corporate and social responsibility continues to evolve and improve. We recently published our second Corporate Responsibility Report highlighting our Environmental, Social, and Governance ("ESG") program and initiatives. We are dedicated to reducing the environmental impact of our operations, to being socially responsible to the communities in which we operate and to fostering an inclusive culture that allows all our employees to develop. I am also very proud that MPT was recognized by Modern Healthcare as one of the best places to work.

We entered 2023 in a very strong financial position, well poised to rapidly capitalize on value-generative opportunities that are aligned with our proven strategy. We remain committed to hospitals that are critical to their local healthcare ecosystem. As the healthcare landscape changes, our hospitals will remain at the very heart of healthcare, and we will be there to support them and the communities in which they operate.

We are providing you this Proxy Statement to enable you to give us your input by voting. We hope that you will attend our 2023 annual meeting of stockholders, to be held on May 25, 2023. Details of the business to be conducted at the meeting are set forth in the accompanying Proxy Statement. In the event that you are unable to attend, however, we urge you to vote by mail, phone, or Internet, as described in the following material.

Thank you for your continued support of our company.

Best Regards,

## Executive Compensation Highlights

### Pay-for-Performance

Our executive compensation program is designed to drive and reward performance over the long term and on an annual basis. The foundational principle of our program is to motivate our executives to achieve the strategies, operational and financial goals, that are designed by our Compensation Committee to create significant value for our stockholders. Executive compensation is directly affected by the level of achievement of these pre-established goals. The effectiveness of our executive compensation program is illustrated by the following:

- ◆ Consistent long-term growth in earnings as illustrated by our consistent growth in Normalized FFO<sup>(1)</sup> over the past several years
- ◆ Even though our executives achieved important operational and financial goals, significant portions of their 2022 compensation were **reduced** because the Company's TSR did not meet the goals set out by the Compensation Committee
- ◆ The value to our executives of the equity awards granted as part of their compensation in 2022 was reduced based on the decrease in the market price of our shares, directly aligning our executives with our stockholders.

We believe that our executive compensation program represents a balanced, pay-for-performance approach with **only 6% of our CEO's compensation fixed** in the form of base salary and the majority of our equity awards (66% for our CEO) tied to the achievement of operational goals and subject to adjustment based on absolute and relative TSR performance.

(1) Refer to Appendix A for our definition of FFO and Normalized FFO and a reconciliation of net income to FFO and Normalized FFO.

### Key Compensation Practices

In addition to our strong commitment to pay-for-performance, our compensation program and practices also include the following key features:

- ✓ Alignment with our business plan, which is built on accretive transactions and strong balance sheet management
- ✓ Majority of executive compensation tied to the achievement of rigorous performance goals
- ✓ Majority of equity compensation is performance-based
- ✓ No new employment agreements since 2003 with evergreen provisions, single-trigger change of control provisions or excise tax gross-up provisions
- ✓ Appropriate balance between short-term and long-term incentive measures
- ✓ Transparency with our stockholders on our compensation program, decisions, and practices
- ✓ Meaningful stockholder engagement and response to feedback
- ✓ Anti-hedging and anti-pledging policies
- ✓ Robust clawback policy that allows our Board of Directors (the "Board") to recover cash and equity incentive compensation in the event of a financial restatement
- ✓ Significant share ownership requirements, including 6x base salary for the CEO and 4x base salary for other named executive officers ("NEOs")
- ✓ Engagement of an independent compensation consultant to advise the Compensation Committee of the Board on executive compensation matters

### Strong Stockholder Support for our Executive Compensation Program

Our 2022 Say-on-Pay vote received over 92% support from our stockholders, which is consistent with our historical support, which has been above 90% since 2016. Our average Say-on-Pay vote results over the past seven years is nearly 95% as compared to approximately 91% in the overall Real Estate Investment Trust ("REIT") industry.

Our historical Say-on-Pay vote results affirm our stockholders' consistent support for our Company's executive compensation program. **Over the past three years, we have engaged with stockholders representing a majority of our shares outstanding** and, based on the feedback we received and our strong Say-on-Pay support in 2022, **we maintained the core elements of our compensation program** and made certain enhancements to reinforce our pay-for-performance alignment. We continue to monitor and review our compensation program, engage with our stockholders, and make modifications as appropriate to maintain a best-in-class compensation program.

## Governance Information Regarding Our Board of Directors

---

### Annual Election of Directors

Our Board members stand for election each year. They serve until the next annual meeting of stockholders or until their respective successors are elected and qualify, subject to their prior resignation, retirement, death, disqualification, or removal from office. We do not have a classified board and our charter bars us, absent the approval of our stockholders, from adopting the Maryland Unsolicited Takeover Act, which, among other things, permits the board of directors of a Maryland corporation to classify itself without a stockholder vote. We maintain a majority vote standard and director resignation policy for uncontested director elections.

---

### Independent Directors

A majority of our Board and each of our Audit Committee, Compensation Committee and Ethics, Nominating and Corporate Governance Committee is comprised of directors who qualify as independent under the standards of the New York Stock Exchange ("NYSE"). Each year, we affirmatively determine that each director deemed independent under NYSE standards has no material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us). The Board has determined that seven of the director nominees—G. Steven Dawson, Caterina A. Mozingo, Emily W. Murphy, Elizabeth N. Pitman, D. Paul Sparks, Jr., Michael G. Stewart, and C. Reynolds Thompson, III—have no relationship with us that would interfere with their ability to exercise independent judgment as a member of our Board, and that they otherwise qualify as "independent" under NYSE standards.

---

### Independent Board Leadership

Two of our founders serve as members of the Board. Studies regularly show that founder-led companies outperform their peers<sup>¶</sup>. We preserve the benefits that founder-led companies have by maintaining our founder, Mr. Aldag, as Chairman and Chief Executive Officer.

We supplement our Board's independence with a Lead Independent Director, currently Mr. Stewart, to whom the Board has given substantial powers and authorities. Our Lead Independent Director presides at all meetings of the Board at which the Chairman is not present and at all executive sessions of the independent directors. He serves as principal liaison between the Chairman and the independent directors, advising the Chairman on the quality, quantity and timeliness of the information presented to the Board. He advises the Chairman on the agendas for Board meetings and calls meetings of the independent directors, if deemed necessary or appropriate. The Lead Independent Director also oversees the annual self-evaluation of the Board. The Board can also, at its discretion, supplement the Lead Independent Director's responsibilities.

We believe there are risks in relying exclusively on independent board chairs or lead independent directors for board independence. We therefore value—and have—strong independent committee chairs on our Board. We also believe that our founder-led culture enables robust and honest interactions from all of our Board members, each of whom brings important and diverse skill sets to their jobs. Finally, the Board completes an annual board self-evaluation process that is instituted by our Lead Independent Director and presented to the full Board.

<sup>¶</sup> See, Chris Zook, "Founder-Led Companies Outperform the Rest—Here's Why" in *Harvard Business Review*, March 24, 2016.

### Risk Oversight

Our Board plays a central role in overseeing and evaluating risks pertinent to our Company. While it is management's responsibility to identify and manage our risk exposure on a day-to-day basis, the Board routinely discusses these risks with management and actively oversees our risk-management procedures and protocols. The Risk Committee regularly receives reports from senior management on areas of material risk to the Company, including operational, financial, legal, regulatory, cybersecurity and strategic risks. In addition, each of the various committees exercises oversight and provides guidance relating to the particular risks within the purview of each committee, as well as making periodic reports to the full Board. Our Board also oversees risk by means of the required approval by our Board for significant transactions and other decisions, including material acquisitions or dispositions of property, material capital markets transactions, significant capital improvement projects and important employment-related decisions.

---

### Board Committees and Meetings

Our Board and its six standing committees hold regular meetings. In 2022, the Board met five times; the Audit Committee met five times; the Ethics, Nominating and Corporate Governance Committee met one time; the Compensation Committee met three times; the Risk Committee met one time; and the Investment Committee acted by written consent in nine instances. The Environmental and Social Committee did not meet in 2022. In 2022, each incumbent director attended at least 75% of (i) the total number of meetings of the Board held during the period for which he or she was a director and (ii) the total number of meetings of all committees of the Board on which the director served during the periods that he or she served.

The Board regularly meets in executive session without non-independent directors present. Mr. Stewart has been designated as the Lead Independent Director and in that capacity presides at these executive sessions. Mr. Stewart may be contacted directly by stockholders at [mstewart@mpt.net](mailto:mstewart@mpt.net). Our directors are encouraged to attend our annual meeting of stockholders absent cause. All directors of the Company holding their position at the time of the meeting attended our 2022 annual meeting of stockholders.

### Committees of the Board of Directors

The Board delegates certain of its functions to its standing committees.

#### Audit Committee

---

**G. Steven Dawson**  
Chairman

---

**D. Paul Sparks, Jr.**  
**C. Reynolds Thompson, III**

The Board has determined that each member of the Audit Committee is financially literate and satisfies the additional NYSE independence requirements for audit committee members, and that Mr. Dawson and Mr. Thompson each qualifies as an "audit committee financial expert" under current Securities and Exchange Commission ("SEC") regulations. The Board has also determined that service by Mr. Dawson on other public companies' audit committees has not impaired his ability to effectively serve on our Audit Committee.

The Audit Committee oversees (i) our accounting and financial reporting processes, (ii) the integrity and audits of our financial statements, (iii) our compliance with legal and regulatory requirements, (iv) the qualifications and independence of our independent auditors, and (v) the performance of our internal and independent auditors. The specific functions and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, a copy of which is posted on our website at [www.medicalpropiertiestrust.com](http://www.medicalpropiertiestrust.com). The report of the Audit Committee appears on page 13 of this Proxy Statement.

### Compensation Committee

---

**C. Reynolds Thompson, III**  
Chairman

---

**Michael G. Stewart**  
**D. Paul Sparks, Jr.**

Pursuant to the NYSE listing standards, in determining the independence of the directors serving on the Compensation Committee, our Board considered all factors specifically relevant to determining whether a director has a relationship to us which is material to that director's ability to be independent from our management in connection with the duties of a Compensation Committee member, including, but not limited to, such director's source of compensation and whether such director is affiliated with us, one of our subsidiaries, or an affiliate of one of our subsidiaries. Based on these factors, the Board determined that all of the Compensation Committee members are independent.

The principal functions of the Compensation Committee are to evaluate the performance of our executive officers, review and approve the compensation for our executive officers, and review, administer and make recommendations to the full Board regarding our incentive compensation plans and equity-based plans. The Compensation Committee also reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluates the Chief Executive Officer's performance in light of those goals and objectives, and approves the Chief Executive Officer's compensation. The Compensation Committee makes all compensation decisions with respect to the Chief Executive Officer and all other executive officers. The Chief Executive Officer is frequently asked to provide the Compensation Committee with the information it needs to perform these functions as well as to provide input and insights regarding each executive officer's performance other than his own. The specific functions and responsibilities of the Compensation Committee are set forth in more detail in the Compensation Committee Charter, a copy of which is posted on our website at [www.medicalpropiertiestrust.com](http://www.medicalpropiertiestrust.com). The report of the Compensation Committee appears on page 36 of this Proxy Statement.

In 2022, the Compensation Committee engaged Gressle & McGinley, a nationally recognized compensation consultant. Gressle & McGinley assisted the Compensation Committee in determining the amount and form of executive compensation. The Compensation Committee also considered information presented by Gressle & McGinley when reviewing the appropriate types and levels of compensation for the Company's non-employee director compensation program. Information concerning the nature and scope of Gressle & McGinley's assignments and related disclosure is included in "Compensation Discussion and Analysis" beginning on page 19 of this Proxy Statement. The Compensation Committee has assessed the independence of Gressle & McGinley, as required under the NYSE listing rules. The Compensation Committee has also considered and assessed all relevant factors including, but not limited to, those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), that could give rise to a potential conflict of interest. Based on this review, the Compensation Committee has determined that Gressle & McGinley is independent and that their work has not raised any conflicts of interest.

### Environmental and Social Committee

---

**Caterina A. Mozingo**  
Chairman

---

**Edward K. Aldag, Jr.**  
**Elizabeth N. Pitman**  
**Michael G. Stewart**  
**Emily W. Murphy**

The Environmental and Social Committee is tasked with assisting the Board and management in addressing the Company's activities in the areas of environmental and social responsibility (including its responsibilities to stockholders, employees, tenants, and the communities where it operates). The responsibilities of the Environmental and Social Committee include, among others, advising management with respect to the development, implementation and continuous improvement of programs, policies and practices relating to ESG matters. The Committee oversees the Company's responsibilities in a wide range of areas, such as environmental, health and safety matters (including, but not limited to, compliance with governmental regulations), environmental sustainability and climate risk and political activities.

### Ethics, Nominating and Corporate Governance Committee

---

**Elizabeth N. Pitman**  
Chairman

---

**Emily W. Murphy**  
**Michael G. Stewart**

The Ethics, Nominating and Corporate Governance Committee is responsible for, among other things, recommending the nomination of qualified individuals to become directors to the full Board; recommending the composition of the Board's committees to the full Board; periodically reviewing the performance and effectiveness of the Board as a body; and periodically reviewing our corporate governance guidelines and policies. The specific functions and duties of the Committee are set forth in its charter, a copy of which is posted on our website at [www.medicalpropertystrust.com](http://www.medicalpropertystrust.com).

The Ethics, Nominating and Corporate Governance Committee will consider all potential candidates for nomination for election as directors who are recommended by the Company's stockholders, directors, officers, or employees. All director recommendations must be made during the time periods provided and must provide the information required by Article II, Section 2.03 of the Company's Second Amended and Restated Bylaws (our "Bylaws"). All director recommendations should be sent to the Ethics, Nominating and Corporate Governance Committee, c/o Secretary, Medical Properties Trust, Inc., 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242. The Committee will screen all potential director candidates in the same manner, regardless of the source of their recommendation. The Committee's review will typically be based on the written materials provided with respect to a potential director candidate. The Committee will evaluate and determine whether a potential candidate meets the Company's minimum qualifications and requirements, whether the candidate has the specific qualities and skills for directors, and whether requesting additional information or an interview is appropriate. While the Committee considers different perspectives and skill sets when evaluating potential director candidates, the Committee has not established a formal policy regarding diversity in identifying candidates. The Committee nevertheless regularly reviews the composition of the Board as part of the annual self-evaluation process and seeks nominees who, taken as a whole, possess the experience and skills necessary for the effective functioning of the Board.

The Board has adopted the following minimum qualifications and specific qualities and skills for the Company's directors, which serve as the basis upon which potential director candidates are evaluated by the Ethics, Nominating and Corporate Governance Committee:

- directors should possess the highest personal and professional ethics, integrity, and values;
- directors should have, or demonstrate an ability and willingness to acquire in short order, a clear understanding of the fundamental aspects of the Company's business;
- directors should be committed to representing the long-term interests of our stockholders;
- directors should be willing to devote sufficient time to carry out their duties and responsibilities effectively and should be committed to serving on the Board for an extended period of time; and
- directors should not serve on more than three boards of public companies in addition to our Board.

The Ethics, Nominating and Corporate Governance Committee also takes into consideration the diversity of its Board, including breadth of experience and the ability to bring new and different perspectives to the Board.

The Ethics, Nominating and Corporate Governance Committee recommended the nomination of all nine of the incumbent directors for re-election to the Board. The entire Board approved such recommendation.

### Investment Committee

---

**Edward K. Aldag, Jr.**  
Chairman

---

**G. Steven Dawson**  
**R. Steven Hamner**  
**D. Paul Sparks, Jr.**  
**C. Reynolds Thompson, III**

The Investment Committee, among other things, considers and takes action with respect to all acquisitions, dispositions, developments, and leasing of healthcare facilities in which our aggregate investment is between \$20 million and \$100 million.

### Risk Committee

---

**Elizabeth N. Pitman**  
Chairman

---

**Edward K. Aldag, Jr.**  
**Caterina A. Mozingo**  
**R. Steven Hamner**

The Risk Committee is tasked with assisting the Board in its risk management and risk assessment activities, including through oversight of risks related to (i) business continuity, (ii) revenue concentration and the financial health and operational status of the Company's tenants and operators, (iii) modifications to the Company's strategies, (iv) industry trends and general economic conditions, (v) entrance into new markets, (vi) privacy concerns and security breaches and (vii) federal and state regulations. The responsibilities of the Risk Committee also include monitoring guidelines, policies and processes for monitoring and mitigating the various risks facing the Company.

### Governance, Ethics, and Stockholder Communications

**Corporate Governance Guidelines.** In furtherance of its goal of providing effective governance of the Company's business and affairs for the long-term benefit of its stockholders, the Board has adopted Corporate Governance Guidelines. The Corporate Governance Guidelines are posted on our website at [www.medicalpropertytrust.com](http://www.medicalpropertytrust.com).

**Code of Ethics and Business Conduct.** The Company has adopted a Code of Ethics and Business Conduct, as approved by the Board, which applies to all directors, officers, employees, and agents of the Company and its subsidiaries. The Code of Ethics and Business Conduct is posted on our website at [www.medicalpropertytrust.com/ethics-and-governance](http://www.medicalpropertytrust.com/ethics-and-governance). We audit compliance with our Code of Ethics and Business Conduct with each officer and employee with a questionnaire that is required to be completed annually. We intend to disclose on our website any amendment to, or waiver of, any provision of the Code of Ethics and Business Conduct applicable to our directors and executive officers that would otherwise be required to be disclosed under the rules of the SEC or the NYSE.

**Proxy Access Bylaw Provisions.** In 2017, we amended our Bylaws to provide for "proxy access" for our stockholders. The proxy access provision permits a stockholder (or a group of up to 20 stockholders) that has owned at least 3% of our outstanding common stock for at least three years to nominate, and include in our proxy materials, up to the greater of two directors or 20% of the directors then in office; provided that the stockholders and the nominees satisfy the requirements specified in our Bylaws.

**Stockholder and Interested Party Communications with the Board.** Stockholders and all interested parties may communicate with the Board or any individual director regarding any matter that is within the responsibilities of the Board. Stockholders and interested parties should send their communications to the Board, or an individual director, c/o Secretary, Medical Properties Trust, Inc., 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242. The Secretary will review the correspondence and forward any communication to the Board, or the individual director, if the Secretary determines that the communication deals with the functions of the Board or requires the attention of the Board or the individual director. The Secretary will maintain a log of all communications received from stockholders.

We will provide, free of charge, hard copies of our Annual Report to Stockholders, our Annual Report on Form 10-K, our Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and all amendments to these reports as soon as reasonably practicable after such material is electronically filed with, or furnished to, the SEC. Also available, free of charge, are hard copies of our Corporate Governance Guidelines and our Code of Ethics and Business Conduct along with the charters of our Ethics, Nominating and Corporate Governance Committee, our Audit Committee, and our Compensation Committee. All of these documents are also available on our website at [www.medicalpropertytrust.com](http://www.medicalpropertytrust.com).

# Proposal 2:

## Ratification of Independent Registered Public Accounting Firm

The Audit Committee has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm to audit our financial statements for the year ending December 31, 2023. PricewaterhouseCoopers LLP served as our independent registered public accounting firm during the year that ended December 31, 2022.

### Board of Directors' Recommendation

The Board of Directors recommends that you vote **FOR** PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the year ending December 31, 2023.

### Independent Auditor

The Audit Committee has selected PricewaterhouseCoopers LLP ("PwC") as the independent auditor to perform the audit of our consolidated financial statements for the year ending December 31, 2023. PwC, an independent registered public accounting firm, also performed the audit of our consolidated financial statements for 2022, 2021, and 2020. The Board has approved the appointment of PwC as the Company's independent registered public accounting firm for 2023 based on the recommendation of the Audit Committee.

Representatives of PwC are expected to participate in the 2023 annual meeting of stockholders. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions from our stockholders.

The Audit Committee is directly responsible for the appointment, compensation, and oversight of our independent auditor. In addition to retaining the independent auditor to audit our consolidated financial statements, the Audit Committee may retain the independent auditor to provide other auditing services. The Audit Committee understands the need for our independent auditor to maintain objectivity and independence in its audits of our financial statements.

To help ensure the independence of the independent auditor, the Audit Committee has adopted a policy that all audit and non-audit services to be performed by its independent auditor must be approved in advance by the Audit Committee. The Audit Committee approved all services provided to us by PwC during the 2022 and 2021 calendar years.

The table below sets forth the aggregate fees billed by PwC for audit and non-audit services:

	2022	2021
Audit Fees	\$1,269,500	\$1,295,000
Audit-Related Fees	-	-
Tax Fees	-	-
All Other Fees	26,669	28,263
Total	\$1,296,169	\$1,323,263

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees for professional services for the audit of a company's financial statements included in the annual report on Form 10-K, for the review of a company's financial statements included in the quarterly reports on Form 10-Q, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of a company's financial statements; "tax fees" are fees for tax compliance, tax advice, and tax planning; and "all other fees" are fees for any services not included in the first three categories.

## Audit Committee Report

The Audit Committee is composed of three independent directors and operates under a written charter adopted by the Board, a copy of which is available on our website. The Board has determined that each committee member is independent within the meaning of the NYSE listing standards.

Management is responsible for the Company's accounting and financial reporting processes, including its internal control over financial reporting, and for preparing the Company's consolidated financial statements. PwC, the Company's independent auditor, is responsible for performing an audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB") and for expressing an opinion as to whether the Company's consolidated financial statements are fairly presented in all material respects in conformity with generally accepted accounting principles in the United States of America ("GAAP"). In this context, the responsibility of the Audit Committee is to oversee the Company's accounting and financial reporting processes and the audits of the Company's consolidated financial statements.

In the performance of its oversight function, the Audit Committee reviewed and discussed with management and PwC the Company's audited consolidated financial statements as of and for the year ended December 31, 2022. Management and PwC represented to the Audit Committee that the Company's audited consolidated financial statements as of and for the year ended December 31, 2022, were prepared in accordance with GAAP. The Audit Committee also discussed with PwC the matters required to be discussed by the Statement of Auditing Standards No. 1301, as amended ("AS No. 1301"), as adopted by the PCAOB. AS No. 1301 sets forth requirements pertaining to the independent auditor's communications with the Audit Committee regarding the conduct of the audit.

The Audit Committee received the written disclosures and the letter from PwC required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence ("Rule 3526"). Rule 3526 requires the independent auditor to provide written and oral communications prior to accepting an initial engagement conducted pursuant to the standards of the PCAOB and at least annually thereafter regarding all relationships between the auditor and the Company that, in the auditor's professional judgment, may reasonably be thought to bear on independence, and to confirm that they are independent of the Company within the meaning of the securities acts administered by the SEC. The Audit Committee discussed with PwC any relationships that may impact their objectivity and independence and satisfied itself as to the firm's independence.

The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and, as such, rely without independent verification on the information provided to them and on the representations made by management and PwC. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting processes, or appropriate internal controls and procedures designed to assure compliance with the accounting standards and applicable laws and regulations. Furthermore, the reviews and discussions of the Audit Committee referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the Company's audited consolidated financial statements are presented in accordance with GAAP, or that PwC is, in fact, independent.

Based on the Audit Committee's review and the discussions described above, and subject to the limitations on its role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board that the audited financial statements as of and for the year ended December 31, 2022, be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2022, for filing with the SEC.

The foregoing report is provided by the undersigned members of the Audit Committee.

# Proposal 3:

## Advisory Vote to Approve Named Executive Officer Compensation

The Company asks that you indicate your support for our named executive officers' compensation as described in the Compensation Discussion and Analysis ("CD&A") and the accompanying tables and related disclosures beginning on page 19 of this Proxy Statement. This proposal, commonly known as a "Say-on-Pay" proposal, is required pursuant to Section 14A of the Exchange Act. While the Say-on-Pay vote is advisory and therefore non-binding on the Company, the Board, or the Compensation Committee, it gives our stockholders the opportunity to express their views on our named executive officers' compensation. Our Board and Compensation Committee members take the views of our stockholders seriously and take these views into consideration when making executive compensation decisions. This vote is not intended to address any specific item of compensation but rather the overall compensation of our executive officers and the policies and practices described in this Proxy Statement. We conduct an annual, non-binding Say-on-Pay vote consistent with the recommendation of a majority of our stockholders expressed by vote at our 2017 annual meeting of stockholders.

The Board and the Compensation Committee will review the voting results of this advisory Say-on-Pay vote and take them into consideration when structuring future executive compensation arrangements. The affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy at the 2023 annual meeting of stockholders and entitled to vote on the proposal will be required for approval.

As we describe in further detail in the CD&A, we believe that the experience, abilities, and commitment of our executive officers are unique in the business of investing in hospital real estate and are therefore critical to the long-term achievement of our investment goals. Accordingly, the primary objectives of our executive compensation program are to retain our key leaders, attract future leaders and align our executives' long-term interest with the interests of our stockholders. The Board encourages you to carefully review the information regarding our executive compensation program contained in this Proxy Statement.

---

# Proposal 4:

## Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation

As required by Section 14A of the Exchange Act, we are seeking a non-binding, advisory recommendation from our stockholders as to the frequency of future non-binding, advisory votes on the compensation of our named executive officers. Stockholders may vote for a frequency of one, two or three years, or abstain.

We recommend that our stockholders select a frequency of one year, or an annual vote. We believe that this frequency is appropriate because it will continue to enable our stockholders to vote, on a non-binding, advisory basis, on the most recent executive compensation information that is presented in our Proxy Statement, leading to a more meaningful and coherent communication between the Company and our stockholders on the compensation of our named executive officers. An annual advisory vote on executive compensation is consistent with our policy of seeking regular input from, and engaging in discussions with, our stockholders on corporate governance matters and our executive compensation philosophy, policies and practices.

Based on the factors noted above, the Board recommends that future votes on executive compensation occur every year until the next non-binding, advisory vote on the frequency of future non-binding, advisory votes on the compensation of our named executive officers, which will occur no later than our 2029 annual meeting of stockholders. Stockholders are not being asked to approve or disapprove the Board's recommendation, but rather to indicate their choice among the following frequency options: every year, every two years, or every three years, or to abstain from voting. The Board unanimously recommends that you vote for a frequency of every "ONE YEAR" for future advisory votes on executive compensation.

# Corporate Responsibility

We are a leading global provider of real estate capital to hospitals, and the second-largest non-governmental owner of hospitals in the world. We are unique among REITs due to our exclusive focus on investing in hospital real estate. Our hospitals and our tenant operators provided high quality care to millions of patients in the United States and abroad in 2022. Domestically, this included approximately 500,000 admissions, nearly two million emergency room visits and 300,000 surgeries.

## Environmental Sustainability

We recognize the importance of environmental stewardship, and we demonstrate this through initiatives in our corporate operations, development projects and, to the extent possible, our triple-net or absolute-net lease properties. Materially, all of our leases are triple-net or absolute-net leases, which means our tenants have ultimate responsibility for deciding when and how to implement environmentally sustainable practices at the hospitals they operate. However, we communicate regularly with our tenants regarding sustainability matters and their importance.

Therefore, our environmental sustainability initiatives focus on environmental improvements to our corporate operations, environmental risk management in our development projects, and dialoguing with our tenants to better understand the environmental impact of our facilities. We recognize that our facilities generate waste and use energy and water, which results in greenhouse gas emissions, and that these actions have an impact on the environment. We also work closely with third parties to conduct physical inspections of our facilities.

**For more information on our sustainability, please review our CRR which can be found on our website:**

## Executive Summary

### Our Unique Business Model

**Medical Properties Trust** is a global organization that acquires and develops healthcare facilities and leases the facilities to healthcare operating companies under long-term net leases. We are the first U.S. company of its kind to invest in hospitals globally with approximately \$21 billion invested around the world on an adjusted basis<sup>(1)</sup>, as of December 31, 2022. Our diversified geographic footprint spans ten countries and 31 states in the U.S. We are at the forefront of our industry as the global leader in hospital real estate finance, providing crucial financing to our hospital operators, and unlocking significant value to fund critical growth in a vital industry. This sets us apart from most equity REITs, both in the healthcare and broader REIT sectors, and in order to successfully execute our strategy and effectively manage our complex operations, our executives require expertise both within the real estate industry and the healthcare industry. Furthermore, our global operations add a unique layer of complexity that requires specialized knowledge and understanding of distinct international markets to successfully execute transactions and operations around the world.

### 2022 Compensation Highlights

In 2022, our executive compensation program continued to emphasize a pay-for-performance structure that rewards long term and annual results consistent with our business plan and strategy and is based on the following key principles:

- ◆ Establish an appropriate level of target compensation for our NEOs that ensures the retention of our uniquely-qualified management team and is only adjusted periodically
- ◆ Use incentives that are tied to rigorous performance goals that formulaically adjust payouts and realized compensation to reflect our performance results
- ◆ Allocate the majority of compensation to equity-based awards to further emphasize alignment with our stockholders

We believe that both the success of our executive compensation program and our commitment to strong compensation governance was exhibited in 2022 as follows:

**No Increase to Annual  
Target Pay**

**0%**

For All NEOs Since 2020 and  
No Increases for 2023

*During this period, our Say-on-Pay  
Support Has Consistently Been

**Significant Decline in Equity Value**

**-\$25 Million**

*Reduction in our CEO's "compensation actually paid" in  
2022 as compared to the total amounts reported in our

These results are discussed in detail throughout this "Compensation Discussion and Analysis" section for our NEOs: Edward K. Aldag, Jr. – Chairman, President & Chief Executive Officer; R. Steven Hamner – Executive Vice President & Chief Financial Officer; and Emmett E. McLean – Executive Vice President, Chief Operating Officer & Secretary<sup>(2)</sup>.

## Stockholder Engagement

Our stockholders have continuously and strongly approved our executive compensation plans. Over 92% of the shares present and entitled to vote at our 2022 annual meeting of stockholders were cast in favor of the 2022 Say-on-Pay proposal. Support for our Say-on-Pay proposal has exceeded 90% in each of the past seven years, with average support of nearly 95% over this period as compared 91% support for all REITs.

**Proactive engagement and transparency.** Our history of Say-on-Pay results is indicative of our stockholders’ support and approval of our executive compensation program. Our stockholders continue to affirm their positive support and feedback for our program and, accordingly, we maintained the core elements of our compensation program but continued to make enhancements to further improve our strong governance standards.

We actively engage with our stockholders in person and telephonically to ensure that they are fully informed about our executive compensation policies. In the past three years, we have held discussions with stockholders representing the majority of our shares outstanding.

- Review:** Review results from the annual meeting of stockholders to inform the framework of our annual compensation review process
- Analyze:** Monitor market trends and review compensation policy based on governance trends and stockholder feedback (e.g., benchmarking levels and structural considerations)
- Engage:** Engage with stockholders regarding the core structure and elements of our executive compensation
- Implement:** Implement and adjust compensation program based on feedback from stockholders and current market and governance standards
- File:** Publish annual proxy statement and prepare for annual meeting of stockholders

In 2022, the feedback on our executive compensation program from our stockholder engagement efforts was positive and resulted in consistently strong Say-on-Pay approval. Based on the overwhelmingly positive support of our program from our stockholders, **we kept the overall structure of the compensation program and magnitude of target compensation largely unchanged or decreased** to further strengthen alignment with our stockholders as further described below in our “*Evolution of our Compensation Program*”.

**Evolution of Our Compensation Program and Governance.** We have made consistent progress in developing a compensation program that is aligned with best market and governance practices. The importance of stockholder engagement is evidenced by the meaningful enhancements we have made over the years:

## Compensation Philosophy, Design, and Process

Our executive compensation program is designed to attract and retain high caliber executives capable of managing our unique business model with expertise in real estate, healthcare, international and financing operations. Our program was designed to motivate and reward executives for successful execution of our business strategy that is tied to rigorous performance goals. In recent years, we have made several enhancements but maintained these core elements of our program. The effectiveness of our executive compensation program is illustrated by our significant achievements, including:

- ◆ Accretive new investments of over \$13 billion since the beginning of 2019
- ◆ Net income of \$902.6 million, representing 37.6% year-over-year growth in 2022
- ◆ 10 consecutive years of dividend growth per share

Additionally, we believe that our current executive compensation program represents a balanced and strategically aligned pay-for-performance program as demonstrated by the following:

- ◆ **Approximately 66% of our CEO's compensation is variable and at-risk**, tied directly to the achievement of operational and financial performance, because we value the clarity of formulas that tie compensation to stockholder returns in the long-term.
- ◆ **The variable components of our compensation program specifically include rigorous performance goals** meant to motivate management to execute our business plan tied to accretive growth, strategic financing and raising efficient capital. In our long-term program, our 2022 goals required meaningful growth in terms of FFO per share, EBITDA and acquisitions while also decreasing compensation based on the relative and absolute TSR performance in 2022.
- ◆ **The majority of our equity awards (approximately two-thirds for all NEOs) are at-risk performance-based stock awards** earned based on the achievement of operational goals and subject to adjustment based on both absolute and relative TSR, with the remainder in the form of time-based stock awards that are subject to the same stock price fluctuations as our stockholders. This approach reflects our understanding that our investors value equity-based compensation to align our executives' interests with those of our stockholders. In 2022, because of the one-year TSR performance that negatively impacted our stockholders, our NEOs' compensation was also adjusted negatively.
- ◆ **Less than 10% of our CEO's compensation is fixed** in the form of base salary, which plays a recruiting and retention role, because we can neither wait for the long-term to arrive before compensating our people nor incentivize a risky swing-for-the-fences strategy.

### Our Executive Compensation Process

Compensation Committee	Compensation Consultant	Management
Provides independent oversight and approval with respect to executive compensation matters	Provides guidance to the Compensation Committee throughout the year on compensation matters, including benchmarking for pay levels, pay practices and governance trends	Provide additional information as requested by the Compensation Committee
Assesses corporate and individual performance as it relates to actual compensation for our NEOs	Assists with peer group selection and analysis	CEO provides input on individual performance for other NEOs and achievements relating to strategic non-financial business goals
Administers our equity incentive programs, including reviewing and approving equity grants to our NEOs	Reviews and advises on recommendations, plan design and measures	

### Role of the Compensation Committee

Pursuant to its charter, the Compensation Committee is responsible for designing our executive compensation program, establishing compensation levels, and measuring the performance of our NEOs. The Compensation Committee, which consists of three independent directors, is responsible for the design, review, and approval of all aspects of our executive compensation program. Among other duties, the Compensation Committee is responsible for the following:

- ◆ Reviewing and approving, on an annual basis, the corporate incentive goals and objectives relevant to the annual cash bonus plan and performance-based shares
- ◆ Evaluating the performance of our executive officers in light of these goals and objectives
- ◆ Evaluating the competitiveness of each executive officer's total compensation package relative to what other publicly traded and private equity-backed real estate investors may offer
- ◆ Approving any changes to each of our executive's total compensation package, including, but not limited to, base salary, annual and long-term incentive award opportunities and payouts, and retention programs

In order to assist the Compensation Committee in designing, establishing and monitoring our executive compensation plans, the Compensation Committee has engaged an independent executive compensation consultant, as described below.

### Role of the Compensation Consultant

The Compensation Committee recognizes that it is essential to receive objective advice from its outside compensation consultant and, in 2022, the Compensation Committee retained Gressle & McGinley, LLC, a nationally recognized compensation consulting firm (the "Compensation Consultant" or "Gressle & McGinley"). The Compensation Consultant was engaged by and reports directly to the Compensation Committee. Upon the request of the Compensation Committee, a representative of Gressle & McGinley attended meetings of the Compensation Committee and communicated with the Chairman of the Compensation Committee between meetings; however, the Compensation Committee makes all decisions regarding the compensation of our executive officers.

The Compensation Consultant provides various executive compensation services to the Compensation Committee. Generally, these services include, among others, (i) advising the Compensation Committee on the principal aspects of our executive compensation program and director compensation program and evolving industry practices; (ii) presenting information to assist the Compensation Committee in determining the appropriate peer group to be used to evaluate the competitiveness of our compensation program; (iii) providing market information and analysis regarding the competitiveness of our program design and our award values in relationship to our performance; and (iv) preparing recommendations based on the Company's performance, current market trends and corporate governance developments. The Compensation Committee has determined, based on a review of relevant factors, that

---

Gressle & McGinley is independent and that their work has not raised any conflict of interests. The Compensation Committee also closely examines the safeguards and steps that Gressle & McGinley takes to ensure that its executive compensation consulting services are objective.

Other than advising the Compensation Committee as described above, Gressle & McGinley did not provide any other services to the Company in 2022.

### Role of the Chief Executive Officer

Although executive compensation determinations are ultimately made by the Compensation Committee, the CEO provides additional information to assist the Committee in evaluating and determining executive compensation and provides input on each executive officer's performance, other than his own.

### Use of Peer Group Data

We use peer group data to ensure that our compensation program remains both appropriate and competitive in relation to those companies with whom we most directly compete for talent and business opportunities, among other things. Constructing an appropriate peer group requires various considerations as no single company or industry fully captures the scope of our operations. In particular, the complexities faced by our Company as a result of our global operations and the expertise required of our executives given our specialized assets presents a unique challenge in developing an appropriate peer group.

Beginning in 2020, we refined our peer group identification methodology to include only REITs, with a focus on strategic peers that better reflect the uniqueness of our business, growth initiatives and global operations. On an annual basis, we review our peer group to ensure the overall composition reflects an appropriate competitor set. Accordingly, we reviewed our peer group based on the following criteria:

- ◆ **Continuity:** Sensitivity to peer group continuity to ensure that peer group results are comparable year-over-year and are not arbitrarily adjusted for short-term changes in peer dynamics
- ◆ **Size:** REITs within an appropriate size range relative to our Company, in terms of total capitalization and ensuring the Company is at the approximate median or above the overall peer set. For 2022, the size range was slightly expanded to account for significant market volatility in the REIT sector and ranged from 0.3x to 3.0x (as compared to 0.4x to 2.5x in 2021). No new companies were added as a result of this change, but it allowed for peer group continuity
- ◆ **Global:** Companies with a global presence that reflect the same complexities faced by our global operations and challenges associated with operating on an international scale
- ◆ **Healthcare Expertise:** REITs that primarily invest in medical properties and/or healthcare assets whose executives require expertise in the healthcare/medical sector
- ◆ **Specialized REITs:** REITs with specialized assets that require executives to have knowledge of the underlying assets
- ◆ **Net Lease REITs:** REITs with a significant portion of properties leased on a triple-net basis

During 2022, the Compensation Committee utilized peer group compensation data to understand the Company's pay levels and structure as compared to the market. Although the Compensation Committee does not adhere to a specific formula nor does it target a certain percentile of compensation, we believe it is important to understand the competitive landscape to effectively assess each NEO's total compensation opportunity, pay mix and overall governance and market trends. We strive to ensure that our compensation program and opportunities remain equitable and competitive, while also considering factors such as size, scope of operations and our relative performance, as appropriate.

## Elements of Pay

### Base Pay

Base pay represents fixed cash compensation intended to attract and retain talent and is generally determined based on a review of individual experience, performance, internal pay equity considerations and peer group base pay levels. Although base pay levels are only adjusted periodically, the Compensation Committee reviews levels annually.

The following chart sets forth 2022 base salaries for our NEOs, which remained unchanged from 2021 amounts.

Named Executive Officer	2022 Base Salary (\$)
Edward K. Aldag, Jr.	1,000,000
R. Steven Hamner	675,000
Emmett E. McLean	550,000

Most Recent Action by the Compensation Committee

**No 2023 salary increases** were provided to our NEOs based on the Compensation Committee's review at year-end 2022. Our CEO and COO's salary have not been increased since 2018 and our CFO's salary has not been increased since 2020.

### Annual Cash Bonus Plan

#### Annual Cash Bonus Opportunities

For 2022, cash bonus opportunities for our NEOs as a percent of base salary were as follows:

Named Executive Officer	Threshold	Target	Maximum
Edward K. Aldag, Jr.	100%	200%	300%
R. Steven Hamner	100%	150%	225%
Emmett E. McLean	50%	100%	175%

Most Recent Action by the Compensation Committee

We make periodic adjustments to target bonus opportunities, which were last adjusted in 2020 in an effort to bring more balance to our compensation pay mix with minimal increases to base salaries. **For 2023, annual cash bonus opportunities will continue to remain unchanged for the CEO and CFO. For our COO, Mr. McLean, the maximum payout decreased to 125% (from 175%).**

#### Annual Cash Bonus Plan Metrics

The cash bonus plan metrics are reviewed annually by the Compensation Committee to ensure continued alignment with our strategic goals for the upcoming year. These goals are critical to our long-term success and are designed to be challenging and rigorous to ensure that we remain focused on differentiated growth and our overall business strategy.

## Compensation Discussion and Analysis

The 2022 cash bonus plan metrics are set forth in the following chart:

Performance Metric	Weighting	Threshold	Target	Maximum	2022 Achievement
<b>Normalized FFO Per Share</b> Encourages focus on profitability as measured by the most frequently used REIT earnings measurement on a per share basis; mitigates the risk of non-profitable acquisitions or other low-quality growth					<b>\$1.82</b>
<i>Target Normalized FFO per share represents an approximate 11% increase over the 2021 cash bonus target and a 4.0% increase over 2021 results as compared to 2.76% for US Healthcare REITs.<sup>(1)(2)</sup></i>					
<b>EBITDA/Interest Expense Ratio</b> Motivates management to maintain financial health and a low cost of capital					<b>4.3x</b>
<i>The 3.4x target ratio was established based on our historical strategies and debt levels as publicly disclosed during recent years.</i>					
<b>Environmental, Social and Corporate Governance</b> Encourages management to prioritize and execute on annual ESG initiatives					<b>Achieved Annual ESG Initiatives</b>
<i>ESG accomplishments include (i) improved MSCI rating to BBB, (ii) ranked by Modern Healthcare as one of the best places to work for millennials, (iii) engaged multiple advisors to assist in our ESG strategy and environmental data collection and (iv) hired a dedicated ESG professional.</i>					
<b>Qualitative Performance Review</b> Represents indicators of the executive’s success in fulfilling his responsibilities to the Company and in executing its strategic business plan					<b>See Below</b>
<i>See below for additional detail on the Compensation Committee’s review of qualitative performance.</i>					

### How We Determined Qualitative Performance for the Annual Cash Bonus Plan

The Compensation Committee assessed qualitative performance of the Company and of each NEO, which accounts for only 20% of the overall bonus. Our NEOs' performance is most directly tied to the Company's overall financial and operational accomplishments and accordingly, the Committee assessed the qualitative component based on the following key considerations:

- › Year-over year growth in Normalized FFO per share<sup>(1)</sup> of 4.0% as compared to 2.76% median growth at U.S. Healthcare REITs<sup>(2)</sup>
- › Closed on \$1.1 billion in new investments during 2022
- › Ten consecutive years of annual dividend growth, with a 3.8% compound annual growth rate
- › Continued to improve tenant diversification by expanding the number of operators to 55 (from 53 in 2021)
- › Continued to expand our global footprint with the acquisition of four hospitals in Finland and the acquisition of six additional Priority assets

(1) Refer to Appendix A for our definition of FFO and Normalized FFO and a reconciliation of net income to FFO and Normalized FFO.

(2) Information based on KeyBanc Equity REIT Leaderboard, published December 31, 2022.

## Compensation Discussion and Analysis

Based on the above and the 2022 performance highlights previously discussed under “2022 Performance Highlights”, the Compensation Committee determined that the qualitative component of the 2022 cash bonus program was earned at the full 20%, with overall cash bonus amounts as follows:

Named Executive Officer	2022 Earned Bonus (\$)	2021 Earned Bonus (\$)	% Change
Edward K. Aldag, Jr.	2,500,000	3,000,000	-17%
R. Steven Hamner	1,265,625	1,518,750	-17%
Emmett E. McLean	756,250	962,500	-21%

### 2022 Annual Equity Awards

We use a balanced approach to equity compensation and grant a combination of both time-based shares and performance-based shares, with the majority of the awards (approximately 66%) vesting contingent on performance and 100% at-risk. The time-based portion of the award is intended to promote retention, while also subjecting our executives to the same market fluctuations faced by our stockholders.

In 2022, our NEOs were granted time-based shares that vest in equal quarterly installments over three years as follows:

Named Executive Officer	Target Value of Time-Based Shares (\$)		% Change
	2022 <sup>(1)</sup>	2021	
Edward K. Aldag, Jr.	4,250,000	4,250,000	0%
R. Steven Hamner	2,125,000	2,125,000	0%
Emmett E. McLean	950,000	1,300,000	-27%
<b>NEO Total</b>	<b>7,325,000</b>	<b>7,675,000</b>	<b>-5%</b>

(1) The grant date fair values, computed in accordance with ASC 718, were \$4,109,811, \$2,054,916, and \$918,681 for Messrs. Aldag, Hamner and McLean, respectively.

The performance-based shares are designed to incentivize performance in both the long-run and short-run. Awards are earned subject to the achievement of three-year goals, while also allowing a portion of the award to be earned subject to the achievement of one-year goals (maximum of 1/3 of the shares). The following chart provides the target value of performance-based shares granted to our NEOs in 2022.

Named Executive Officer	Target Value of Performance-Based Shares (\$)		% Change
	2022 <sup>(1)</sup>	2021	
Edward K. Aldag, Jr.	8,250,000	8,250,000	0%
R. Steven Hamner	4,125,000	4,125,000	0%
Emmett E. McLean	1,950,000	2,600,000	-25%
<b>NEO Total</b>	<b>14,325,000</b>	<b>14,975,000</b>	<b>-4%</b>

(1) The grant date fair values, computed in accordance with ASC 718, were \$8,270,489, \$4,135,256, and \$1,954,860 for Messrs. Aldag, Hamner and McLean, respectively.

## Compensation Discussion and Analysis

The 2022 performance metrics were selected in accordance with our strategic business plan and include goals for FFO per share growth, EBITDA and acquisitions.

(1) Mr. McLean's maximum is 150% of target.

Performance is measured over the three-year performance period and shares are earned based on the three-year performance goals listed above. To further strengthen alignment with our stockholders, any earned shares are subject to both an absolute and relative TSR modifier. One-half of the earned shares will be adjusted between 75% to 125% based on relative TSR performance between the 25<sup>th</sup> percentile to the 75<sup>th</sup> percentile, and one-half of the earned shares will be adjusted between 75% to 125% based on absolute TSR performance between 0% and 6% per annum.

To track the milestone progress during the performance period and to incentivize the consistent execution of our strategy and business plan, up to one-third of the target award may be earned at the end of 2022. The Compensation Committee believes that using one-year and three-year goals creates a balanced program that ensures that management remains focused in both the short-term and the long-term to drive consistent market-leading growth.

### How We Determine Annual Equity Awards

Equity compensation is a critical component of our executive compensation program that directly aligns our NEOs' long-term interests with our stockholders and provides additional retention for our executives. Grants were approved in January 2022 based on the following considerations:

- › Our consistent and significant performance achievements over both the short- and long-term periods:
  - Strong earnings growth including an approximate 34% cumulative annual growth in net income since the beginning of 2020
  - Year-over year growth in Normalized FFO per share<sup>(1)</sup> of 4.0% as compared to 2.76% median growth at U.S. Healthcare REITs<sup>(2)</sup>
  - Closed on \$1.1 billion in new investments during 2022 and \$13 billion since the beginning of 2019
  - Ten consecutive years of annual dividend growth, with a 3.8% compound annual growth rate
- › A significant portion of our annual equity awards are tied to significant performance achievements that align and reward our executives for successfully executing on our strategic growth plan and only earn value to the extent that these significant performance hurdles are achieved
- › The Compensation Committee's assessment of our NEOs' overall compensation relative to our peer group and the confirmation that the value realized by NEOs was materially impacted by lost equity value in 2022 (consistent with the intent of our pay-for-performance compensation structure).

## Compensation Discussion and Analysis

---

- › Based on this review, our Compensation Committee made the following decisions related to grants made in January 2022 and 2023:

Most Recent Action by the Compensation Committee	<p><b>No increases to target equity values for the CEO and CFO in 2022 or 2023.</b></p> <p>For our COO, Mr. McLean, his target equity values decreased in 2022 and 2023.</p> <p>Additionally, the pay mix of the equity awards was designed so that the majority of the awards vest contingent on achievement of rigorous performance goals (reflects approximately 66% of the market value on the date of grant).</p>

### Other Benefits

We maintain a 401(k) retirement savings plan and annually match 100% of the first 3% of pay contributed, plus 50% of the next 2% of pay contributed, to such plan by any employee (subject to certain tax limitations). We offer medical, dental, and vision plans, and pay the coverage cost under these plans for the NEOs and their eligible dependents. Each of our NEOs has an employment agreement with us pursuant to which certain other benefits are provided to them. The material terms of each such employment agreement are described under “Employment Agreements with Named Executive Officers” below.

# Other Aspects of Our Executive Compensation Program

## Equity Ownership Guidelines

We believe that equity ownership by our directors and officers can help further align their interests with our stockholders' interests. To that end, we have adopted equity ownership guidelines applicable to our directors and to executive officers. Failure to meet the ownership levels or show sustained progress towards meeting them, may result in payment to the directors and executive officers of future compensation in the form of equity rather than cash.

With respect to our executive officers and non-employee directors, the guidelines require ownership of shares of our common stock within five years of becoming an executive officer or three years after a non-employee director initially joins the Board, with a value equal to the following multiple of base salary (or annual fee for the non-employee directors):

Title	Multiple of Base Salary / Annual Fee	Compliance with Guidelines
Chairman, Chief Executive Officer and President	6x	Yes
Executive Vice Presidents (including CFO and COO)	4x	Yes
Non-Employee Directors	3x	*

\* All of our non-employee directors and NEOs as of March 29, 2023 met the equity ownership guidelines, except for Ms. Mozingo, Ms. Murphy, Ms. Pitman and Mr. Thompson. Ms. Murphy has three years from her initial election to the Board to reach compliance. Ms. Mozingo, Ms. Pitman and Mr. Thompson are not in compliance with the equity ownership guidelines as a result of the decrease in the price of our common stock. We anticipate that they will be back in compliance with the guidelines within the next 12 months.

## Clawback Policy

In February 2013, the Board adopted a clawback policy applicable to our executive officers. The policy allows for the recoupment of incentive awards (including awards made under our annual cash bonus plan and long-term incentive plans) in the event the Company is required to restate its financial statements due to the material noncompliance of the Company with financial reporting requirements under the securities laws, as a result of intentional misconduct, fraud or gross negligence.

Each executive officer who is directly responsible for the intentional misconduct, fraud or gross negligence shall reimburse the Company for incentive awards made to that executive officer after January 1, 2013, that would not have been made if the restated financial measures had been reported initially.

In light of the SEC's adoption of final clawback rules in October 2022 and the NYSE's issuance of its proposed rule in February 2023, we intend to update our clawback policy to comply with applicable NYSE listing rules when effective.

---

## No Hedging or Pledging

The Company maintains an internal "Insider Trading Policy" that is applicable to our executive officers and directors. Among other things, the policy prohibits any employee of the Company (including directors or executive officers) from (i) engaging in short sales of the Company's securities and from trading in puts, calls, options or other derivative securities based on the Company's securities, (ii) engaging in hedging or monetization transactions (which allow a stockholder to continue to own the covered securities, but without the full risks and rewards of ownership) and (iii) pledging the Company's securities as loan collateral.

## Other Practices with Regard to Equity Awards and Purchases and Sales of Shares

The Compensation Committee determines the number of shares underlying grants of restricted stock awards and the executive officers who will receive such awards. All NEOs must receive prior authorization for any purchase or sale of our common stock.

We have never granted stock options to our executive officers, and we have not granted any stock options since those granted to our initial directors in 2004.

### Compensation Risk Assessment

During 2022, the Compensation Committee reviewed the potential risks in the Company's compensation program to ensure that compensation methods do not incentivize our executives to make decisions that, while creating apparent short-term financial and operating success, may in the longer-term result in future losses and other value depreciation.

After reviewing the analysis, the Compensation Committee concluded that the Company's compensation policies and practices do not encourage excessive risk taking nor create any risks that would be reasonably likely to have a materially adverse effect on the Company, and it believes that the following risk oversight and compensation design features assist in guarding against excessive risk taking:

- Review and approval of corporate objectives by the Compensation Committee to ensure that these goals are aligned with the Company's annual operating and strategic plans, achieve the proper risk/reward balance, and do not encourage excessive risk taking
- Base salaries consistent with each executive's responsibilities so that they are not motivated to take excessive risks to achieve a reasonable level of financial security
- A significant portion of each executive's compensation is tied to the future stock performance of the Company
- Stock compensation and vesting periods for stock awards designed to encourage executives to focus on sustained stock price appreciation
- A mix between cash and equity compensation designed to encourage strategies and actions that are in the long-term best interests of the Company and its stockholders.

### Section 162(m) Policy

The Compensation Committee's policy is to consider the tax treatment of compensation paid to our executive officers while simultaneously seeking to provide our executives with appropriate rewards for their performance. Under Section 162(m) of the Code, a publicly-held corporation may not deduct compensation of more than \$1 million paid to any "covered employee." The Compensation Committee believes that stockholder interests are best served if they retain maximum flexibility to design executive compensation programs that meet stated business objectives. For that reason, while our Board and Compensation Committee have considered the potential effects of Section 162(m) of the Code on the compensation paid to our named executive officers, the Compensation Committee's compensation policy and practices are not directly guided by considerations relating to Section 162(m) of the Code. In addition, because we qualify as a REIT under the Code, we generally distribute at least 100% of our net taxable income each year and therefore do not pay federal income tax. As a result, the possible loss of a federal tax deduction would not be expected to have a material impact on us.

## Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis beginning on page 19 of this Proxy Statement. Based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

## Option Exercises and Stock Vested

The following table sets forth the aggregate number and value of shares of restricted common stock held by our NEOs that vested in 2022. The “Value Realized on Vesting” set forth below is the product of the fair market value of a share of common stock on the vesting date multiplied by the number of shares vesting. We have never issued stock options to our NEOs.

## Potential Payments Upon Termination or Change of Control

The following table shows potential payments and benefits that will be provided to our NEOs upon the occurrence of certain termination triggering events. The change-of-control provisions in the employment agreements are designed to align management’s interests with those of our stockholders. See the discussion below under “Employment Agreements with Named Executive Officers” for information about payments upon termination or a change of control. All equity interests included in the termination and change of control calculations represent previously granted restricted stock awards and are valued based on the closing price of our common stock on December 30, 2022, the last trading day of 2022, and an assumed termination of employment on December 31, 2022.

Name	Termination and Change of Control (\$)	Death (\$)	Termination Not for Cause; By Executive for Good Reason; Permanent Disability (\$)	Termination for Cause; By Executive without Good Reason (\$)

Equity-Award Acceleration <sup>(1)</sup>	6,790,947	6,790,947	6,790,947	

(1) As of January 1, 2023, the amount that would accelerate upon a change of control CoC would be reduced to \$18,845,379 for Mr. Aldag, \$9,422,613 for Mr. Hamner and \$4,332,956 for Mr. McLean as a result of shares that vested on January 1, 2023.

(2) Amounts exclude tax related payments including any tax gross-ups in connection with a CoC. While the precise amount of any tax-related payments is difficult to calculate and may be mitigated based on a number of considerations, the estimated tax gross-up payments are \$0 for Mr. Aldag, Mr. Hamner and Mr. McLean as of December 31, 2022.

(3) Amount excludes an estimated tax payment of \$5,442,000.

## Employment Agreements with Named Executive Officers

**Our three founders have employment agreements that were negotiated in 2003 to market standards in connection with our initial equity offering. Below we describe the terms of these agreements. Because certain market standards have evolved since our initial equity offering, we will not enter into any new contracts that include a multi-year evergreen term, single-trigger change of control provisions, or excise tax gross up provisions.**

We have employment agreements with Edward K. Aldag, Jr., R. Steven Hamner and Emmett E. McLean. These agreements provide that each NEO agrees to devote substantially all of his business time to our operation. The employment agreement for each of the NEOs provides for an initial three-year term, which is automatically extended for successive one-year periods, unless either party gives notice of non-renewal as provided in the agreement.

The executive employment agreements provide for an annual physical at the Company's expense, a monthly car allowance of \$1,000 for Mr. Aldag and \$750 for each of Messrs. Hamner and McLean. The NEOs are also reimbursed for the cost of tax preparation and financial planning services, up to \$25,000 annually for Mr. Aldag and \$10,000 annually for each of Messrs. Hamner and McLean. We also reimburse each executive for the income tax he incurs on the receipt of these tax preparation and financial planning services. The employment agreements also provide that Mr. Aldag will receive up to \$20,000 per year in reimbursement for life insurance premiums, which amount increases annually based on the increase in the consumer price index ("CPI") for such year, and that Messrs. Hamner and McLean will receive up to \$10,000 per year in reimbursement for life insurance premiums, which amount increases annually based on the increase in the CPI for such year. We also reimburse each executive for the income tax he incurs on these life insurance premium reimbursements. The NEOs are also reimbursed for the cost of their disability insurance premiums.

The employment agreements provide that the executive officers are eligible to receive the same benefits, including medical insurance coverage and retirement plan benefits in a 401(k) plan, to the same extent as other similarly situated employees, and such other benefits as are commensurate with their position. Participation in employee benefit plans is subject to the terms of said benefit plans as in effect from time-to-time.

The employment agreements with the NEOs provide for contractual severance benefits and accelerated vesting of equity grants in the event of a change of control, which we believe are common in the REIT industry, are designed to reinforce and encourage the continued attention and dedication of our executive officers to their assigned duties without distraction or fear of job loss in the face of an actual or threatened change of control and to ensure that our management is motivated to negotiate the best merger consideration for our stockholders.

If the NEO's employment ends for any reason, we will pay accrued salary, bonuses, and incentive payments already determined but not yet paid, and other existing obligations. If an NEO's employment terminates as a result of his "permanent disability" (as defined in the employment agreements), we terminate an NEO's employment for any reason other than for "cause" (as defined in the employment agreements), or if an NEO terminates his employment for "good reason" (as defined in the employment agreements), we will be obligated to pay (i) a lump sum payment of severance equal to the sum of (x) the product of three and the sum of the salary in effect at the time of termination plus the average cash bonus (or the highest cash bonus, in the case of Mr. Aldag) paid to such executive during the preceding three years, grossed up for taxes in the case of Mr. Aldag, and (y) the incentive bonus prorated for the year in which the termination occurred; (ii) the cost of the executive's continued participation in the Company's benefit and welfare plans (other than the 401(k) plan) for a three-year period (a five-year period in the case of Mr. Aldag) following termination; and (iii) continued reimbursement for life insurance premiums and the taxes payable on such amounts for three years following termination (or five years in the case of Mr. Aldag). Additionally, upon such termination, all stock options, if any, and restricted stock held by the executive will become fully vested, and the executive will have whatever period remains under the term of stock options in which to exercise all vested stock options. The employment agreements also provide that the NEOs and their spouses and dependents will be permitted to continue to participate in all employee benefit and welfare plans and programs of the Company other than the 401(k) plan until the earlier of age 65 or such time as the NEO obtains full-time employment with an entity not affiliated with the NEO that provides comparable benefits.

In the event of the death of any of our NEOs, in addition to the accrued salary, bonus, and incentive payments due to them, their restricted stock shall become fully vested, and their respective beneficiaries will have whatever period remains under any outstanding stock options held by the NEO to exercise such stock options. In addition, their estates would be entitled to the NEO's prorated incentive bonus payable in a lump sum and the NEO's spouse and each of his dependents shall be covered under the Company's health insurance program until the earlier of age 65 or such time as the spouse or dependent obtains full-time

## Compensation Discussion and Analysis

---

employment with an entity not affiliated with the NEO that provides comparable benefits. The Company shall pay for such coverage for three years (or five years in the case of Mr. Aldag) following the death of the NEO.

In the event that the employment of any of our NEOs ends as a result of a termination by us for cause or by the NEO without good reason, then in addition to the accrued salary, bonuses and incentive payments due to them, the executives would be entitled to exercise any outstanding vested stock options held by the NEO, pursuant to the terms of the grant, but all unvested stock options and restricted stock would be forfeited upon termination.

Upon a change of control, the NEOs will become fully vested in their equity awards. In addition, if the employment of any NEO is terminated by us for cause or by the executive without good reason in connection with a change of control, the executive will be entitled to receive an amount equal to the largest cash compensation paid to the executive for any 12-month period during his tenure multiplied by three.

If payments become due as a result of a change of control and the excise tax imposed by Code Section 4999 applies, the terms of the employment agreements require us to gross up the amount payable to the executive by the amount of this excise tax plus the amount of income and other taxes due as a result of the gross up payment.

For an 18-month period after termination of an executive's employment for any reason other than (i) termination by us without cause or (ii) termination by the executive for good reason, each of the executives has agreed not to compete with us by working with or investing in, subject to certain limited exceptions, any enterprise engaged in a business substantially similar to our business as it was conducted during the period of the executive's employment with us and not to solicit our employees.

# Other Information

## Pay Ratio Disclosure

In accordance with Item 402(u) of Regulation S-K, promulgated by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we determined the ratio of the annual total compensation of our CEO, Mr. Aldag, relative to the annual total compensation of our median employee.

For the purposes of reporting annual total compensation and the ratio of annual total compensation of the CEO to the median employee, both the CEO and the median employee's annual total compensation were calculated consistent with the requirements of the Summary Compensation Table.

The Company's methodology in determining our median employee is based on 2022 base salaries (annualized for employees hired mid-year or who had a leave of absence during the year) plus incentive bonus for all individuals, excluding our CEO, who were employed by us as of December 31, 2022. In accordance with Item 402(u) and instructions thereto, we included all full-time, part-time, temporary and seasonal employees.

After applying the methodology described above, our median employee's total compensation using the Summary Compensation Table requirements was \$197,738. Our CEO's total compensation as reported in the Summary Compensation Table was \$16,025,513. Therefore, our CEO to median employee pay ratio is approximately 81:1.

The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules, based on our internal records and the methodology described above. The SEC rules for identifying the median employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

## Compensation Committee Interlocks and Insider Participation

During 2022, the following directors served on the Compensation Committee: C. Reynolds Thompson, III (Chair), Michael G. Stewart and D. Paul Sparks, Jr. No member of the Compensation Committee was an officer or employee of our Company or had any relationships requiring disclosure by us under applicable SEC regulations during 2022. Mr. Stewart served as our Executive Vice President, General Counsel and Secretary from 2005 to 2010. In addition, no executive officer served during 2022 as a director or a member of the Compensation Committee of any entity that had an executive officer serving as a director or a member of the Compensation Committee of our Board.

## Equity Compensation Plan Information

## Pay Versus Performance

### Pay Versus Performance Table

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, we are providing information about the relationship between “compensation actually paid” to our principal executive officer (“PEO”) and the other NEOs, calculated in accordance with Item 402(v) of Regulation S-K, and certain financial performance measures. For additional information on our compensation programs and philosophy and how we design our compensation programs to align pay with performance, see the section titled “Compensation Discussion and Analysis” beginning on page 19.

- (a) In making each of the adjustments, the “value” of a stock award is the fair value of the award on the applicable date determined in accordance with FASB ASC Topic 718 using the valuation assumptions we then used to calculate the fair value of our equity awards. The valuation methodology used to calculate fair values did not materially differ from that disclosed at the time of grant. For more information on the valuation of our equity awards, please see the notes to our financial statements that appear in our Annual Report on Form 10-K each fiscal year and the footnotes to the Summary Compensation Table that appears in our annual Proxy Statement.
- (3) Company TSR is calculated by dividing the sum of the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and the difference between the price of our common stock at the end and the beginning of the measurement period.
- (4) Represents the weighted peer group TSR, weighted according to the respective companies’ stock market capitalization at the beginning of each period for which a return is indicated. The peer group used for this purpose is the Dow Jones Health Care REIT Index, a published industry index.
- (5) The dollar amounts reported represent the amount of net income reflected in the Company’s audited financial statements for the applicable year.
- (6) Refer to Appendix A for our definition of FFO and Normalized FFO and a reconciliation of net income to FFO and Normalized FFO. While the Company uses numerous financial and non-financial performance measures for the purpose of evaluating performance for the Company’s compensation programs, the Company has determined that Normalized FFO is the financial performance measure that, in the Company’s assessment, represents the most important financial performance measure that is not otherwise required to be disclosed in the Pay Versus Performance table used by the Company to link compensation actually paid to the Company’s NEOs, computed in accordance with Item 402(v) of Regulation S-K, for the most recently completed fiscal year, to Company performance. The Company utilizes Normalized FFO as a performance metric in the Company’s performance-vesting restricted shares that are awarded to the NEOs.

## Tabular List of Important Financial Measures

The following are the measures that we have determined represent the most important performance measures used to link compensation actually paid to Company performance for 2022:

Most Important Measures for 2022
Normalized FFO per Share
EBITDA/Interest Expense Ratio
EBITDA
Acquisitions
1YR and 3 YR TSR (Absolute and Relative)

## Relationship between Compensation Actually Paid and Financial Measures

As described in more detail in the section “Compensation Discussion and Analysis”, our executive compensation program reflects a variable pay-for-performance philosophy. Our compensation program is designed to support our strategic business plan and motivate management to drive long-term value creation for our stockholders. The majority of our NEOs’ compensation is comprised of equity awards for which the value is directly tied to changes in stock price. Furthermore 66% of our equity awards are earned based on the achievement of rigorous performance hurdles. As illustrated in the table and charts below, compensation actually paid to our NEOs generally aligns with our stock price performance and financial results as follows:

- ◆ In 2022, we continued to execute on our strategy including strong financial results and accretive acquisitions, but given the more challenging operating environment, our TSR declined year-over-year
- ◆ Our 2022 compensation actually paid to our CEO reflects a \$25 million decline from Summary Compensation Table amounts, driven by the decline in fair value of outstanding equity awards

## Other Information

The following graphs further illustrate the alignment of our NEOs' compensation actually paid relative to (i) our absolute TSR and the TSR of the Dow Jones Health Care REIT Index, (ii) net income and (iii) Normalized FFO per share:

## Compensation of Directors

In 2022, the Compensation Committee engaged Gressle & McGinley to assist it in conducting a competitive review of our non-employee director compensation program. The Compensation Committee took into consideration Gressle & McGinley's findings and recommendations in determining the compensation structure for our non-employee directors for 2022.

As compensation for serving on our Board during 2022, each non-employee director received a cash retainer of \$115,000. In addition, the Lead Independent Director received a cash retainer of \$50,000; the Audit Committee chair received a cash retainer of \$35,000; the Compensation Committee chair received a cash retainer of \$30,000; the Ethics, Nominating and Corporate Governance Committee chair received a cash retainer of \$30,000; the Environmental and Social Committee chair received a cash retainer of \$30,000; and the Risk Committee chair received a cash retainer of \$30,000. Each non-employee director was awarded restricted stock awards of 5,241 shares, 5,928 shares and 5,552 shares in 2020, 2021 and 2022, respectively, with the exception of Ms. Murphy, who was awarded a restricted stock award of 6,101 shares in 2022. These awards vest over three years in equal quarterly amounts. We also reimburse our directors for reasonable expenses incurred in attending Board and committee meetings. Our Compensation Committee may change the compensation of our non-employee directors at its discretion. Directors who are also officers or employees receive no additional compensation for their service as directors.

In addition, pursuant to the Director Retirement Policy adopted by the Compensation Committee in February 2017, each non-employee director receives a single lump sum payment upon retirement equal to the director's final annual retainer divided by 12 and multiplied by the director's years of service on the Board.

The following Director Compensation Table summarizes the compensation paid to our non-employee directors for their services during 2022:

## Share Ownership of Certain Beneficial Owners

The following table provides information about the beneficial ownership of our common stock as of March 29, 2023, by (i) each director of the Company, (ii) each NEO of the Company who is not a director, (iii) all directors and executive officers as a group, and (iv) each person known to the Company to be the beneficial owner of more than 5% of the outstanding shares of common stock.

The SEC defines “beneficial ownership” of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A stockholder is also deemed to be, as of any date, the beneficial owner of all securities that such stockholder has the right to acquire within 60 days after that date through (i) the exercise of any option, warrant or right, (ii) the conversion of a security, (iii) the power to revoke a trust, discretionary account or similar arrangement, or (iv) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or other rights (as set forth above) held by that person that are exercisable as of March 29, 2023 or will become exercisable within 60 days thereafter, are deemed outstanding; however, such shares are not deemed outstanding for purposes of computing the percentage ownership of any other person. Each person named in the table has sole voting and/or investment power with respect to all of the shares of common stock shown as beneficially owned by such person, except as otherwise set forth in the notes to the table.

## Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership with the SEC. SEC rules require us to identify anyone who failed to file on a timely basis reports required by Section 16(a) of the Exchange Act during the most recent fiscal year or prior fiscal years. Based on our review of Forms 3, 4 and 5, or written representations from reporting persons that no Form 5 was required for such persons, we believe that our executive officers, directors and 10% stockholders complied with Section 16(a) filing requirements applicable to them with the exceptions noted below.

Ms. Murphy filed a late report on Form 3 upon her appointment to our Board in February 2022 due to a brief delay in obtaining the necessary filing codes. Messrs. Aldag, Hamner, McLean and Hanna each failed to file one Form 4 in April 2022 pertaining to shares withheld upon vesting of restricted stock to satisfy tax withholding obligations but subsequently reported this share reduction via a Form 5 filing in February 2023. Mr. Dawson filed a late report on Form 4 in March 2023 pertaining to shares acquired and held indirectly through a 401(k) plan by his spouse in September 2022.

# Information About the Meeting

## What is the purpose of the meeting?

### At the meeting, our stockholders will vote on the following proposals:

1. To elect the nine director nominees described in the enclosed Proxy Statement
2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2023
3. To hold a non-binding, advisory vote to approve named executive officer compensation
4. To hold a non-binding, advisory vote on the frequency of future advisory votes on executive compensation

In addition, our management will report on our performance at the meeting and respond to appropriate questions from stockholders.

---

## Who is entitled to vote?

The record date for the meeting is March 29, 2023. Only stockholders of record at the close of business on March 29, 2023, are entitled to receive notice of the meeting and to vote at the meeting the shares of our common stock that they held of record on that date. Each outstanding share of common stock entitles its holder to one vote on each matter voted on at the meeting. At the close of business on March 29, 2023, there were 599,516,410 shares of common stock outstanding and entitled to vote.

---

## Am I entitled to vote if my shares are held in “street name”?

If you are the beneficial owner of shares held in “street name” by a brokerage firm, bank, or other nominee, your nominee is required to vote the shares in accordance with your instructions. If you do not give instructions to your nominee, your nominee will be entitled to vote your shares on routine items but will not be permitted to do so on non-routine items. Your nominee will have discretion to vote on Proposal 2 (ratification of auditors) without any instructions from you, but your nominee will not have the ability to vote your uninstructed shares on Proposal 1 (election of directors), Proposal 3 (non-binding, advisory vote to approve named executive officer compensation) or Proposal 4 (non-binding, advisory vote on the frequency of future advisory votes on executive compensation). Accordingly, if you hold your shares in “street name” and you do not instruct your nominee how to vote on these proposals, your nominee cannot vote these shares and will report them as “broker non-votes,” and no votes will be cast on your behalf.

---

## How many shares must be present to conduct business at the meeting?

A quorum must be present at the meeting in order for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date, or 299,758,206 shares, will constitute a quorum. Abstentions and broker non-votes will be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum.

---

## What happens if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the holders of a majority of the shares present in person or represented by proxy at the meeting may adjourn the meeting to another place, date, or time until a quorum is present. The place, date, and time of the adjourned meeting will be announced when the adjournment is taken, and no other notice will be given unless the adjournment is to a date more than 120 days after the original record date or if, after the adjournment, a new record date is fixed for the adjourned meeting.

---

### How do I vote my shares?

**Voting by telephone or Internet.** If you are a registered holder, meaning you hold your shares in your name, you may follow the instructions on the enclosed voting instructions: By telephone 1-800-776-9437 or by internet [www.voteproxy.com](http://www.voteproxy.com).

If you are a beneficial owner of shares held in “street name,” meaning your shares are held in the name of a brokerage firm, bank, or other nominee, you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. A large number of brokerage firms, banks, and other nominees participate in a program provided through Broadridge Financial Solutions that offers telephone and Internet voting options. If your shares are held in “street name” by a brokerage firm, bank, or other nominee that participates in the Broadridge program, you may provide voting instructions to your nominee by telephone or on the Internet by following the instructions set forth on the voting instruction form provided to you.

**Voting by mail.** If you are a registered stockholder, you may vote by properly completing, signing, dating, and returning the accompanying proxy card. The enclosed postage-paid envelope requires no additional postage if it is mailed in the United States or Canada. If you are a beneficial owner of shares held in “street name,” you may provide voting instructions to the brokerage firm, bank, or other nominee that holds your shares by properly completing, signing, dating, and returning the voting instruction form provided to you by your nominee.

**Voting in person at the meeting.** If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. In addition, we will make written ballots available to registered stockholders who wish to vote in person at the meeting. If you are a beneficial owner of shares held in “street name” and wish to vote at the meeting, you will need to obtain a proxy form from the brokerage firm, bank, or other nominee that holds your shares that authorizes you to vote those shares.

---

### Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls are closed at the meeting in any of the following ways: (1) by properly completing, signing, dating, and returning another proxy card with a later date; (2) if you are a registered stockholder, by voting in person at the meeting; (3) if you are a registered stockholder, by giving written notice of such revocation to our Secretary prior to or at the meeting; or (4) if you are a beneficial owner of shares held in “street name,” by following the instructions given by the brokerage firm, bank or other nominee that holds your shares. Your attendance at the meeting will not by itself revoke your proxy.

---

### What happens if I do not specify on my proxy how my shares are to be voted?

If you are a registered stockholder and submit a properly executed proxy but do not indicate any voting instructions, the proxy holders will vote as the Board recommends on each proposal.

---

### Will any other business be conducted at the meeting?

As of the date hereof, the Board knows of no business that will be presented at the meeting other than the proposals described in this Proxy Statement. However, if any other proposal properly comes before the stockholders for a vote at the meeting, the proxy holders will vote the shares represented by your proxy in accordance with their best judgment.

---

### How many votes are required for action to be taken on each proposal?

The nine director nominees will be elected to serve on the Board if they each receive a majority of the votes cast in person or represented by proxy at the meeting. This means that a director nominee will be elected only if the votes cast “for” his or her election exceed the votes cast “against” his or her election. The Board has adopted a director resignation policy whereby any director who fails to receive the required majority vote in an uncontested election is required to

promptly tender his or her resignation to the Board for its consideration. The Ethics, Nominating and Corporate Governance Committee will then recommend to the full Board, and the Board will decide, whether to accept or reject the resignation offer or take other action. The Board will act on the recommendation of the Ethics, Nominating and Corporate Governance Committee within 90 days following certification of the election results. If you vote to “abstain” with respect to the election of one or more director nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for the purpose of determining whether there is a quorum at the meeting.

The affirmative vote of the holders of a majority of the shares of common stock represented in person or by proxy at the annual meeting and entitled to vote on the proposal is required for approval of each of Proposals 2, 3 and 4. In respect of Proposal 4, in the event that no option receives the approval of the holders of a majority of the shares of common stock represented in person or by proxy at the annual meeting and entitled to vote on the proposal, we will consider the option that receives the most votes to be the option selected by the stockholders. Furthermore, the votes for Proposals 3 and 4 are advisory and not binding on the Board or the Company in any way.

---

### **How will abstentions and broker non-votes be treated?**

Abstentions and broker non-votes will not be counted as votes for or against any proposal and will not be included in calculating the number of votes necessary for approval of the proposal. In all cases, abstentions and broker non-votes will be considered present for the purpose of determining the presence of a quorum.

---

### **How will proxies be solicited?**

The costs of soliciting proxies from our stockholders will be borne by the Company. We will solicit proxies on behalf of the Board by mail, telephone, facsimile, or other electronic means or in person. Certain of our directors, officers and other employees, without additional compensation, may participate in the solicitation of proxies. We will supply copies of the proxy solicitation materials to brokerage firms, banks, and other nominees for the purpose of soliciting proxies from the beneficial owners of the shares of common stock held of record by such nominees. We will request that such brokerage firms, banks, and other nominees forward the proxy solicitation materials to the beneficial owners and reimburse them for their reasonable expenses. # Certain Relationships and Related Person Transactions

The Board has adopted a written related person transaction approval and disclosure policy for the review, approval or ratification of any related person transaction. The policy provides that all related person transactions must be reviewed and approved by a majority of the disinterested directors on our Board in advance of us or any of our subsidiaries entering into the transaction; provided that, if we or any of our subsidiaries enter into a transaction without recognizing that such transaction constitutes a related party transaction, the approval requirement will be satisfied if such transaction is ratified by a majority of the disinterested directors serving on the Board promptly after we recognize that such transaction constituted a related person transaction. Disinterested directors are directors who do not have a personal financial interest in the transaction that is adverse to our financial interest or that of our stockholders. The term “related person transaction” refers to a transaction required to be disclosed by us pursuant to Item 404 of Regulation S-K (or any successor provision) promulgated by the SEC. For purposes of determining whether such disclosure is required, a related person will not be deemed to have a direct or indirect material interest in any transaction that is deemed not to be material (or would be deemed not material if such related person was a director) for purposes of determining director independence pursuant to standards of director independence under the NYSE’s listing standards.

From time to time, including in 2022, we may have employees who are related to our executive officers or directors and whose current annualized compensation (including benefits) exceeds the SEC disclosure threshold of \$120,000. The Company evaluates any such employment relationships as related party transactions subject to the Company’s approval and disclosure policies described above. During 2022, Mr. Aldag had two family members employed by the Company; and Mr. Hamner had two family members employed by the Company. Such family members were employed in non-executive positions, and each received total compensation between \$120,000 and \$455,000. Total compensation was comparable to that of other employees in similar positions, and family member employees were eligible to participate in benefit programs only on the same basis as other eligible employees.

From time to time, we may also engage in ordinary course commercial dealings with unaffiliated companies who may employ in a non-executive capacity, or may have employed in the past, individuals related to one or more of our executive officers or directors. We enter into any such transactions on an arms-length basis on terms that are consistent with similar transactions with other similarly situated customers and vendors. During the year ended December 31, 2022, the Company paid Johnson Healthcare Real Estate (“Johnson”), a hospital development management company, approximately \$1.7 million primarily related to construction project management and facility review oversight. Mr. Aldag has a family member currently employed by Johnson in a non-executive capacity.

Additionally, all director nominees submitted through these provisions must be independent and meet specified additional criteria set forth in Section 2.17 of our Bylaws. Stockholders will not be entitled to utilize this proxy access right at an annual meeting if the Company receives notice through its traditional advanced notice by-law provisions described below that a stockholder intends to nominate a director at such meeting. The maximum number of director nominees that may be submitted pursuant to these provisions may not exceed 20% of the number of directors then in office. The foregoing proxy access right is subject to additional eligibility, procedural and disclosure requirements set forth in our Bylaws.

## Appendix A: Reconciliation of Non-GAAP Financial Measures

We consider non-GAAP financial measures to be useful supplemental measures of our operating performance. A non-GAAP financial measure is a measure of financial performance, financial position, or cash flows that excludes or includes amounts that are not so excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. Described below are the non-GAAP financial measures used by management to evaluate our operating performance and that we consider most useful to investors, together with reconciliations of these measures to the most directly comparable GAAP measures.

### *Funds From Operations and Normalized Funds From Operations*

Investors and analysts following the real estate industry utilize funds from operations (“FFO”) as a supplemental performance measure. FFO, reflecting the assumption that real estate asset values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets, which assumes that the value of real estate diminishes predictably over time. We compute FFO in accordance with the definition provided by the National Association of Real Estate Investment Trusts, or Nareit, which represents net income (loss) (computed in accordance with GAAP), excluding gains (losses) on sales of real estate and impairment charges on real estate assets, plus real estate depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures.

In addition to presenting FFO in accordance with the Nareit definition, we disclose Normalized FFO, which adjusts FFO for items that relate to unanticipated or non-core events or activities or accounting changes that, if not noted, would make comparison to prior period results and market expectations less meaningful to investors and analysts.

We believe that the use of FFO, combined with the required GAAP presentations, improves the understanding of our operating results among investors and the use of Normalized FFO makes comparisons of our operating results with prior periods and other companies more meaningful. While FFO and Normalized FFO are relevant and widely used supplemental measures of operating and financial performance of REITs, they should not be viewed as a substitute measure of our operating performance since the measures do not reflect either depreciation and amortization costs or the level of capital expenditures and leasing costs (if any not paid by tenant) to maintain the operating performance of our properties, which can be significant economic costs that could materially impact our results of operations. FFO and Normalized FFO should not be considered an alternative to net income (loss) (computed in accordance with GAAP) as indicators of our financial performance or to cash flow from operating activities (computed in accordance with GAAP) as an indicator of our liquidity.

## Total Adjusted Gross Assets

Total adjusted gross assets is total assets before accumulated depreciation/amortization (adjusted for our investments in unconsolidated real estate joint ventures), assumes material transaction commitments are completed, and assumes cash on hand at period-end and cash generated from or to be generated from transaction commitments or financing activities subsequent to period-end are either used in these transactions or used to reduce debt. We believe total adjusted gross assets is useful to investors as it provides a more current view of our portfolio and allows for a better understanding of our concentration levels as our commitments close. The following table presents a reconciliation of total assets to total adjusted gross assets (in thousands):

	As of December 31, 2022
Total assets	\$19,658,000
Add:	
Accumulated depreciation and amortization	1,193,312
Incremental gross assets of our Investments in Unconsolidated Real Estate Joint Ventures <sup>(1)</sup>	1,698,917
Net:	
Reclassification between operators <sup>(2)</sup>	-
Gross book value of the transactions, net <sup>(3)</sup>	(1,074,024)
Decrease in cash from the transactions <sup>(4)</sup>	(235,668)
Total adjusted gross assets	<u>\$21,240,537</u>

- (1) Reflects an addition to total assets to present our total share of each joint venture's gross assets. See below for details of the calculation. While we do not control any of our unconsolidated real estate joint venture arrangements and do not have direct legal claim to the underlying assets of the unconsolidated real estate joint ventures, we believe this adjustment allows investors to view certain concentration information on a basis comparable to the remainder of our real estate portfolio. This presentation is also consistent with how our management team reviews our portfolio (dollar amounts in thousands):

	As of December 31, 2022
Real estate joint venture total gross real estate and other assets	\$ 5,921,188
Weighted-average equity ownership percentage	55%
	<u>3,261,727</u>
Investments in Unconsolidated Real Estate Joint Ventures <sup>(A)</sup>	<u>(1,562,810)</u>
Incremental gross assets of our Investments in Unconsolidated Real Estate Joint Ventures	<u>\$ 1,698,917</u>

(A) Includes amount shown on the "Investments in unconsolidated real estate joint ventures" line on our consolidated balance sheets, along with a CHF 60 million mortgage loan included in the "Mortgage loans" line on our consolidated balance sheet.

- (2) Reflects a reclass of \$0.8 billion of gross assets between Springstone and Lifepoint along with a \$0.9 billion reclass of gross assets between Steward and Common Spirit Health as part of the transactions described in Note 13 to our Annual Report on Form 10-K.

## APPENDIX A

	<b>As of December 31, 2022</b>
Gross book value of assets in transactions	\$ (655,354)
Non-cash write-offs related to transactions	(418,670)
Gross book value of the transactions, net	<u><u>\$(1,074,024)</u></u>

- (4) Represents cash expected from the proceeds generated by the transactions along with cash on hand to fund the transactions or reduce debt as detailed below (in thousands):

	<b>As of December 31, 2022</b>
Expected cash proceeds generated by (used for) the transactions	\$ 659,000
Reduction of revolver balance	(894,668)
Net decrease in cash from the transactions	<u><u>\$(235,668)</u></u>

## Return on Equity

Return on equity as measured by Normalized FFO is derived from amounts included in our U.S. GAAP financial statements. We use Normalized FFO as the numerator for the same reasons we present Normalized FFO, as discussed on page A-1. We use average total equity excluding the effect of accumulated depreciation and amortization similar to the exclusion of depreciation and amortization from Normalized FFO.

Return on equity measures the actual profitability we delivered related to the actual cost of the equity with which we have built our portfolio. Return on equity measured by Normalized FFO should not be considered a substitute for return on equity measured by net income and does not reflect the overall profitability of our business. The following tables reconcile return on equity measured by net income and return on equity measured by Normalized FFO (dollars in thousands):

	<b>For the years ended December 31,</b>
